WELCOMING COMMITTEE NEWS

UPDATE FROM YOUR CLUB PRESIDENT

FROM FIREWORKS TO FIZZLEWORKS TO POSSIBLY NOWORKS

LONNIE GOULET

Most of our Angle Lake community is quite aware that the 4th of July holiday has always been the highlight for activities around the lake capped off by our traditional fireworks show. Unfortunately, the past two years we have suffered from the unprofessional and negligent execution of the show by the fireworks contractor, Eagle Fireworks. Subsequently our newly formed 'Fireworks Committee' (FWC) made up of Steve Beck, Fuzz Hill, Jim Todd and yours truly have been working hard to respond to the results of the 'Fireworks Survey' sent out the first of this year. The details of those results are posted under the blog site, but I'll just summarize the outcome for those of you who may still be technologically challenged.

FINAL POLL RESULTS

Of the 249 ballots sent out, we rec'd ----- 112 votes
OPTION 1 (Turn fireworks over to City) rec'd ----- 33 votes
OPTION 2 (ALSC Sole Control, Scale back show w/ investment for new dock) rec'd ----- 19 votes
OPTION 3 (ALSC Sole Control, Maintain current show w/ capital call for new dock) rec'd ----- 14 votes
OPTION 4 (ALSC maintain partnership with City & Negotiate best deal possible) rec'd ----- 46 votes

These results were interpreted by your board to mean that over 70% of our voting members wanted a fireworks show of some type. The primary challenge of course would be our ability to secure a 1,400 sf Temporary Floating Platform (TFP) to deliver the type of show we had evolved towards. Using the services of an outside contractor the bids we received indicated the cost to produce a modular TFP of this size would be around \$30K so we were motivated to seek other less expensive alternatives.

When we learned the City had plans to replace the existing concrete fishing dock at the Angle Lake Park the FWC investigated the possibility of repurposing these docks to use as our TFP. Despite their somewhat tortured outward

appearance we thought, from their structural and dimensional aspects, they would be well suited for our needs. Kit Ledbetter of the City of SeaTac Parks and Recreation Department assisted the committee by doing some additional detective work regarding the legality of our being able to keep these floats on the lake. Kit received a determination from the City that if we titled these as 'Barges' we would be able to moor them similar to how a boat is moored thus avoiding the current design restrictions imposed on dock construction. The City could then sell these dock sections to the ALSC at a surplus cost of \$1.00 apiece versus the city having to pay the expense to destroy them. Once the sale was complete, the ALSC would be responsible for retrofitting them for the

intended use by the club. At first glance, the concept to reuse these existing concrete floats rather than construct new wood floats looked very inviting from a cost saving standpoint to the Club. However, this plan was not without additional challenges and risks that required our further investigation.

First Challenge - Come up with a design for coupling, towing, anchoring and mooring the concrete sections when not in use as the TFP and price out the work.

Second Challenge - Find a new fireworks contractor and pyrotechnician to replace the one we terminated.

Third Challenge - Find homes for the completed barges when not in use as the TFP.

At this point, it appears we

addressed all the pieces necessary to put on a show for 2014 and we proceeded in good faith to work in partnership with the City as part of their Festival Committee. However as we dug further into all the layers of detail, we became very concerned that each challenge had a degree of risk and difficulty that we were increasingly uncomfortable with.

The cost estimates from one contractor experienced in retrofitting dock configurations of this type assessed the work necessary to be over \$20,000 forcing us to consider doing the work ourselves utilizing volunteer labor. It became evident there were too many moving parts, too many risks and far too many unknowns the club would be exposed to from such issues as: the unknown

UPDATE FROM YOUR CLUB PRESIDENT

quantity or quality of volunteers, the absence of a committed date for which we could take possession of the docks, the uncertainty of how much time it might take us to complete retrofitting of the docks, unfavorable language in the firework contractors contract which would bind us to conditions beyond our control, the additional overhead in reaching an agreement with shoreline residents who might be able to store the barges when not in use after the show, etc., etc.. Upon presentation of these risks and concerns, the ALSC board voted unanimously to back away from performing a fireworks show this year. We immediately notified the head of the SeaTac Festival Committee, Kit Ledbetter, of this decision and were then asked by Kit what exactly it was that the ALSC would be willing to do so that we could still work together to put the show on. As a result, the ALSC called an emergency meeting that evening. After a lengthy discussion that took us into the late hours of the evening, the board proposed the following;

1. The City would be required to take responsibility for the retrofitting of the barges and insure they would be ready to be moved into place by the 13th of June.
2. ALSC members would donate the labor to help the city detach and tow each section to the staging area and assist with the assembly and anchorage.

3. The City would be sole signatory of the fireworks contract that ALSC had previously negotiated for a \$22,500 show.
4. ALSC would make a cash contribution of \$14,000 to the city to be applied towards the show.

The FWC notified Kit the following morning and he said he would present this at an emergency meeting of the Festival Committee made up of council members Barry Landenberg, Pam Fernald and Dave Bush. Kit advised me that in his presentation to the Festival Committee he laid out the following options:

1. Cancel the Fireworks Show;
2. Raise more money to work with the ALSC to put on the show;
3. Have the City put on a much smaller show staged from the existing dock at the park.

Kit contacted us the next day informing us that the Festival Committee had elected to put on a much smaller show themselves.

So ultimately, yes, there will be a fireworks show on the lake, but not an ALSC sponsored show. From what we have been told, the City's show will be staged from the existing fishing pier at the public park and will be a much smaller show than in the past, utilizing 2" and 3" shells depending on what the Fire Marshall will allow to be launched from the existing docks. It is our opinion that the show will be

somewhere in the \$6,000 - \$10,000 range based on the knowledge that the City had verbally committed \$6,000 toward this year's display (a reduced commitment from previous years due to the issues we experienced with the previous contractor) and whereas the City still has a \$10,000 budget for fireworks.

For those of you along the northeast and westerly shoreline the show will most likely be obscured from view, and for that I am sorry, however I am sure that neighbors along the north and south shoreline would welcome your company to view the show.

THE PARADE, BUD JONES MEMORIAL RUN/WALK AROUND THE LAKE, SWIM RACES AND BOAT RACES WILL STILL GO ON AS USUAL, HOWEVER, WE DO NOT ANTICIPATE ANY FLARE SHOW TO ACCOMPANY THE FIREWORKS SHOW AT THIS TIME.

Now we, the board, must evaluate and determine what it is the ALSC is willing to do relative to putting on a show for the next and subsequent years. This means:

1. First reconfirm how committed the majority of members are toward continuing with a community fireworks show and if so;
2. Raising the money, via a capital call to our members, to fund the barge construction and;
3. Find a team of volunteers to design and build the 'barges' then;

4. Secure a location where we can construct and launch the barges, then;
5. Determine the criteria and terms for those interested in mooring the barges and finally;
6. Find volunteers willing and able to moor the barges alongside their docks when not in use by the Club.

This is a year for each of you to evaluate just how important a fireworks show is to your 4th of July celebration. You can expect more information to be shared on this subject in the near future, via special flyer, after our next board meeting. Meanwhile, I urge each ALSC member to contact any of the board members to discuss your feelings on this subject to help guide us in our decision making process or to indicate where you can offer future help in the areas specified above, if we make a decision to continue the tradition of an ALSC hosted fireworks show.

Therefore, I leave you with this thought:

It is my opinion that Kit Ledbetter, the director of parks and recreation for the City of SeaTac, supports a collaborative approach with our community for a fireworks show, however, it is your' City Council, (more specifically The Festival Committee) who must provide guidance to Kit to formulate a path to achieve that collaboration. Now that public activities have been added in the park (all day music and Rotary Carnival) it is evident that our festival

committee/council members agree that a fireworks display is the most appropriate way to end the day of celebration by determining to go forward with a show on their own this year. But because the fireworks show will not be staged in a position where all members around the lake can view it, we've determined that ALSC funds cannot be used to support it. So I ask myself, why is it I perceive resistance when approaching our City leaders to make even the smallest investment of our tax dollars to support a community organization like the Angle Lake Shore Club, a volunteer organization, who

continually strives to make this neighborhood and our community a better place to live?

While we truly appreciate the City's past financial contributions to our show, I often wonder how much your elected officials really appreciate the volunteer efforts of, not only the ALSC, but also other similar volunteer organizations that impact and benefit, not only our neighborhood, but our entire community at large. While 'Neighborhoods Without Borders' is an admirable goal working

towards unifying our city, it has to start with first unifying 'neighbors' and that's exactly what we do.

So this 4th of July, while the FIREWORKS may only be 'FIZZLEWORKS' this year, it is still better than 'NOWORKS' and I think the residents of our community deserve better. But without a TFP the show you will experience is the best we can expect. I hope each of you embrace the gathering of family and friends during the holiday and think about what it is that's truly important this 4th of July. Also, please think about how we may want to

celebrate the holiday next year. I urge you to discuss your ideas and opinions on the merits of continuing to host our own ALSC fireworks show with your neighbors, your ALSC board members or post your thoughts on the blog site (anglelakesc.blogspot.com); the Facebook page (anglelakesc) or our own private social network site at anglelake.nextdoor.com. The more input we receive the more it will help us work towards a common goal that the majority can support.

EASTER BUNNY DOCK HOP

ROSALYN ROMBAUER

**APRIL 20TH, EASTER DAY
FROM 9AM TO 11AM**

The Easter Bunny is dock hopping at the lake again this year!

The Easter Bunny will be embarking on his hop around the lake at 9:00AM and will end about 11AM. The Easter Bunny is coming with a basket full of eggs to hand out to all the local ALSC children! If you have a basket that you would like the Easter Bunny to deliver please make sure to label

the basket with the child's name and the post number of the house it will be delivered to.

Please email Rosalyn Rombauer if you would like the Easter Bunny to stop by your dock at ros.rombauer@gmail.com to make

sure your house is not missed! Special baskets you would like the bunny to deliver should be dropped off at the Rombauer residence, post "31.846".

ALSC 2014 FISHING DERBY

JIM TODD

SUNDAY, MAY 4, 2014

Yep, spring is in the air and Shirley, Harlow and Carol Stevens have again graciously agreed to again host the 2014 ANGLE LAKE FISHING DERBY this year by allowing the ALSC the use of their beach along with the Russ & Patti Austin allowing us the use of their convenient restroom facilities.

Whether you fish or just want to socialize, this event is open to anyone who purchases at least one raffle ticket. This ticket not only enters our fishermen into the derby but also entitles the bearer to morning coffee and donuts followed by a fabulous barbeque lunch and the possibility of winning some awesome raffle prizes.

Good luck to all you anglers and remember that when you arrive to 'check in' you must have your raffle ticket and fishing license (if required by law) in your possession to enter the derby and be eligible for some great derby prizes including the \$100 first prize.

We'll also have a nice bonfire going for those fishing who want to stop in and get warmed up before heading back out on the water and for those that just want to hang out and visit.

Remember that all proceeds from the ticket sales go to support the derby. Last year's revenue from raffle ticket sales did improve and as a result we were able to add a nice kayak to our list of raffle prizes.

Like last year we hope to be adding more raffle prizes providing sales are up. This year our prizes will again consist of two (2) tickets for this year's ALSC Christmas Party (\$60 value), four (4) tickets to this year's Tasty Tapas (\$100 value), Bowling Party gift certificates (each for up to 10 bowlers valued at \$150 each and generously donated by Pat and Val Johns owners of the Hi-Line Bowling Alley) and a grand prize or two that are still to be determined. If you are in a position where you can or would like to donate a raffle prize please contact either myself or Julie Hill to discuss your donation.

The price of a single ticket will again be \$5.00 and while this may seem like a lot it is certainly worth the cost of the lunch alone. For those looking for a better deal you can spend \$10 and get 3 tickets (\$3.33/ticket), or spend \$15 to get 6 tickets (\$2.50/ticket) or spend \$20 to get 10 tickets (\$2.00/ticket). The goal is simply to generate enough money to support this long standing event on its own merit.

Volunteers will be going around the lake to hand out flyers with all the derby

details and selling derby tickets door to door starting in early to mid April and if our 2014 directory is ready we'll be handing those out as well. By now I'm sure most of you along the south side are getting use to my visits so remember that the larger the donation the shorter my visit so start saving now. Tickets will also be available on the day of the derby for all you procrastinators.

As always I must remind you that while only one (1) raffle ticket per person is required to enter you into the raffle drawing, to participate in the fishing derby with the first prize for biggest trout set at \$100 and indulge in all the scrumptious food being served we urge you to buy as many tickets as possible. This is not only to increase your chances of winning one of the great prizes offered but also to help support this event. So whether you arrive by boat, car or foot we'll look forward to seeing you and if you would like help sell tickets, buy tickets or volunteer to help at the derby please contact any one of the following people:

ALSC CHRISTMAS PARTY RECAP

JULIE HILL

Members made a delightful return trip to the Todd House.

The annual ALSC Members Only Christmas Party returned to the delightful home of Jim and Robyn Todd. Much has changed from the previous time the party was hosted here back in 2010, namely a full remodel of the downstairs living quarters! These two are among the most artistic and creative individuals on the lake and the results are exquisite.

The party was well attended by what seemed to be nearly 80 individuals imbibing refreshing libations from the open bar, grazing tasty hors d'oeuvres, and devouring delicious entrees served up by the award winning Bakeman's Restaurant. The evening included the year end Shore Club meeting to recap the year's events, provide a progress report on the 4th of

July fireworks activity, announce a plan to distribute a survey to active membership for recommendations on the future of the fireworks, and hold elections for the 2014 board. Recognition was given to significant volunteers who helped produce and operate the various events throughout the year and, to wrap it all up, the 2013 crown and saber for Ms. Christmas was awarded to Shirley Stevens in recognition of her keeping the spirit of Christmas generosity alive in her daily life all year long!

As the meeting concluded, many people wandered downstairs to take full advantage of the new Photo Booth feature being offered! With an abundant amount of creative juices and other seasonal nectar flowing and a plethora of costumes, the photos captured became quite amusing! The photos are available to view at <http://bit.ly/1j8NYAR> (link is upper and lower case sensitive). When not

downstairs taking photos or grabbing libations, groups gathered upstairs to watch, listen, and join in singing Christmas Carols performed by Mary Courtney.

The party was scheduled to end at 8:00 PM, however, the guests (and hosts) were having far too much fun to let it end! It wasn't until much later into the evening that the bar was finally shut down and folks started heading home... "Time really does fly when you're surrounded by such wonderful neighbors and having the time of your life!" For those of you who attended, we hope you, too, had an equally wonderful time.

Please mark your calendar for December 6th, 2014 with plans to attend the next ALSC Members Only Christmas Party. We are seeking a volunteer to host the next Christmas Party. If you are open to showcasing your home for this event, please contact Julie Hill @ 206-355-6460 or writing anglelakesc@gmail.com

A LETTER FROM SANTA

STEVE BECK

TO ALL ANGLE LAKE RESIDENTS, WE RECEIVED THE FOLLOWING LETTER FROM SANTA'S NORTH POLE ADDRESS ON JANUARY 15TH. SORRY FOR THE DELAY BUT IT WAS IN A BLOCK OF ICE AND TOOK 30 DAYS TO THAW OUT!

HO HO HO! SANTA CLAUSE HERE....

Mrs. Clause said I should send a letter of thanks to all the kids I visited on Angle Lake this year. You all are so special. And for the most part, you all were good, so you should have received what you asked for on Christmas day. It was nice to see that the majority of my visitors teeth & ears were very clean this year.

The main captains of the boats, Launcier & Brucier, did a great job of decorating their boats. In fact, now Rudolph has complained to the Senior Lighting Elf about adding more colored lights to the reins next year. I asked Consuela Gift Elf, Jewels, who scabbled together the pre-Christmas gifts for the kids to add a little more candy next year, because Mrs. Clause thought it would be a nice reward for the kids keeping their teeth clean.

Santa's memory is not the best as I get older, but I enjoyed your stories of why you wanted certain new toys: I-Pads, Smart Phones, Games and Bikes. I was touched by the request of a couple of brothers & sisters who wanted gifts for their siblings instead of themselves; this brought tears to Santa's eyes. But I stayed tuff and recorded a special blinking nose mark under your name for next year.

Even though my reindeer hide in an undisclosed location by the lake, it was nice to find out that someone fed and groomed all of the reindeer and the elves that stood guard while I was on the Santa boat.

Mrs. Clause asked the Elf Coordinator, Toddles, to establish six major dock stops next year. She also asked Elf Guide, Ziggy, to ask dock stop coordinators to invite all their neighbors' children to increase the number of gifts that Santa can deliver at each stop.

Best of all, our Elf Cheer Coordinator will require one favorite song to be sung by all kids when Santa arrives & departs next year. This will enhance the children's voices in time for Christmas Eve.

Until next Christmas, good bye and good luck to all and to all a good year!

Love, Santa & Mrs. Claus

2013 POLAR BEAR PLUNGE EVENT RECAP

TANI RAE STANDRIDGE

How do you mark the fresh start of a New Year. How do you greet the first day of a year of unborn possibilities or hopeful resolutions? How do you recover from the night of revelry where you sent the old year packing?

If ever there was a day for a transition tradition, it is New Year's Day. And if ever there was a community to come up with the best way to celebrate one, it is Angle Lake, our little neighborhood where neighbors are friends

and joy is contagious. Our tradition began 5 years ago with 3 friends. This year over 30 people participated. They caught that contagious joy like the flu.

What did we do? We jumped in the lake! Well, ten of us actually plunged into the frigid waters and two insane ladies went in twice, so that makes 12 total! It was crazy and cold; and it benefited people who didn't even come.

We call it Freezin' for a Reason. And there are many reasons:

- To enjoy camaraderie over pastry, coffee and cocoa,
- To celebrate the New Year with the kids or grandkids,
- To wear costumes that will excite kids and crack up adults,
- To get the boats in the water,
- To test our physical capabilities,
- To witness gutsy neighbors deal with the pain of the plunge,
- To get rescued by firemen,
- To win prizes for plunging & wearing a costume & contributing to our cause.

What is our cause? It is

the best reason for freezin' of all!

We start our New Year right by collecting cash and food for the Tukwila Pantry where people in need can pick up groceries at no charge. This year we more than doubled last year's donation by collecting six bags of non-perishable food and cash donations totaling \$201.00. Can we double that next year? If you, who have not joined us, come to watch or take the plunge... we just might!

POPULARITY GROWING WITH NEXTDOOR.COM

FUZZ HILL

(A REPUBLICATION OF A PREVIOUS ALSC BLOG POSTING: <http://anglelakesc.blogspot.com/2014/02/popularity-growing-with-nextdoorcom.html>)

Humans are pack animals. Our ancestors hunted and gathered as a collective, depending upon one another for protection, sustenance and companionship. Our success as a species and as individuals depends upon our ability to effectively communicate, both verbally and non-verbally. Fast forward to modern times and you'll find that effective communication and common interest are the foundations of great communities!

The mission objectives of the Angle Lake Shore Club is provide unique

events (common interest) year round for the residents living on and around the shores of Angle Lake in effort to build a stronger community. Included in the ALSC goals are objectives that include implementing tools that allow neighbors to communicate effectively among one another.

The ALSC employs the following tools to assist in reaching our effective communication goals:

Periodical Newsletters: Recap of past events; announcement of upcoming events; and related lake life human interest stories.

ALSC Blog: Weekly updates regarding subject areas that impact quality of life and community in and around Angle Lake.

Facebook Page: A

dynamic interface that enables unassisted communication between Lakeside residents and beyond.

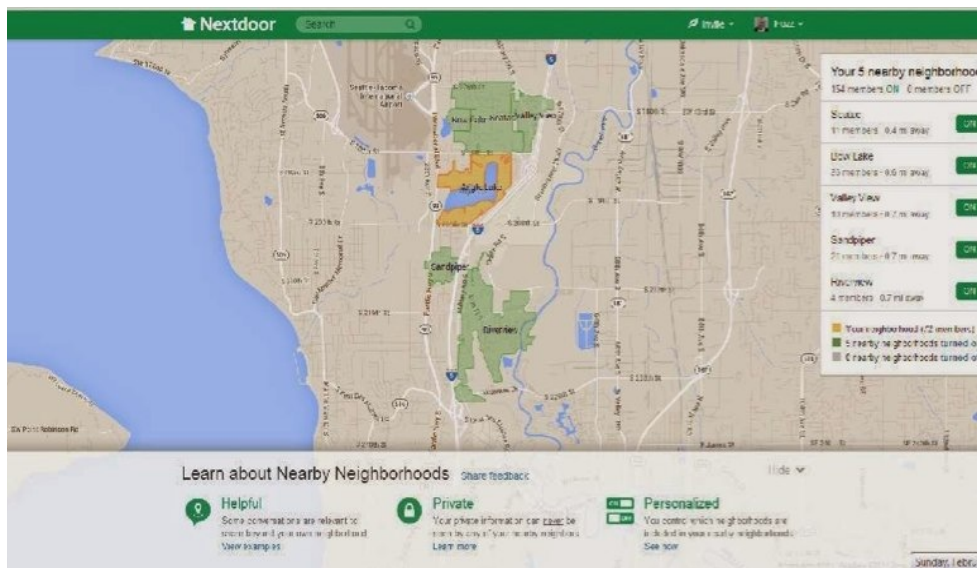

Twitter: Short message system that allows for near real time communication and announcements with subscribers (followers). Highly effective for instantaneous communication of event status' and/or delivering emergency messages.

Nextdoor.com. Similar in function to Facebook however authorized access is securely limited to only authenticated neighbors within a designated 'neighborhood'.

We announced the inclusion of Nextdoor.com in a blog post dated February 28th, 2013. We are pleased to report that within just one year, 72

neighbors in the Angle Lake Neighborhood have signed up for and are using this service today. Additionally we are now actively communicating at will with 5 other SeaTac Area Neighborhoods who have also created their own secure sites!

Recent communication threads have included brainstorming ideas and offering suggestions to help combat rampant mail theft that is common in all six neighborhoods and users have also shared and promoted local entertainment and event information as recommendations for things to do on the upcoming weekend, one individual even offered a free weekend Condo in Leavenworth due to scheduling conflicts and not being able to use the facility as originally planned! (As if that isn't incentive enough to join the neighborhood conversation!!!)

EFFECTIVE COMMUNICATION ISN'T SIMPLY DELIVERING A MESSAGE TO A RECEIVER – EFFECTIVE COMMUNICATION SHOULD INCLUDE SHARING DIALOG BETWEEN TWO OR MORE PERSONS IN ACTIVE CONVERSATION. IT IS OUR HOPE THAT YOU TAKE ADVANTAGE OF THESE TOOLS TO BE AN ACTIVE PART OF THESE COMMUNITY CONVERSATIONS.

Marge Murtha

Debbie Beck, Becky Johnson and Marge Murtha of the Angle Lake Shore Club Welcoming Committee ventured out on Sunday, March 2nd to visit four different families on the lake.

In welcoming them to the lake, we gave each family a very nice 'Welcome Packet' which contains helpful information about our area. We get the booklets and maps from our very own Visitor's Center at 3100 S 176th St, which is stocked with dozens of articles and booklets which include points of interest in the area including the history of the South End. They are a very interesting read.

The Packet also includes a free gift card for family bowling, compliments of Val and Pat Johns, owners of Highline Lanes in Burien. It also includes a \$25.00 Gift Certificate compliments of Furney's Nursery to put towards their next purchase.

If you know of any new neighbors to the lake in the last few months, we would like you to let us know, we don't want to miss anyone. You can call Debbie Beck at 206.878.2711 or Becky Johnson at 206.852.1952 or Marge Murtha at 206.870.1887.

We look forward to our next visit to any new neighbors that you may let us know are here.

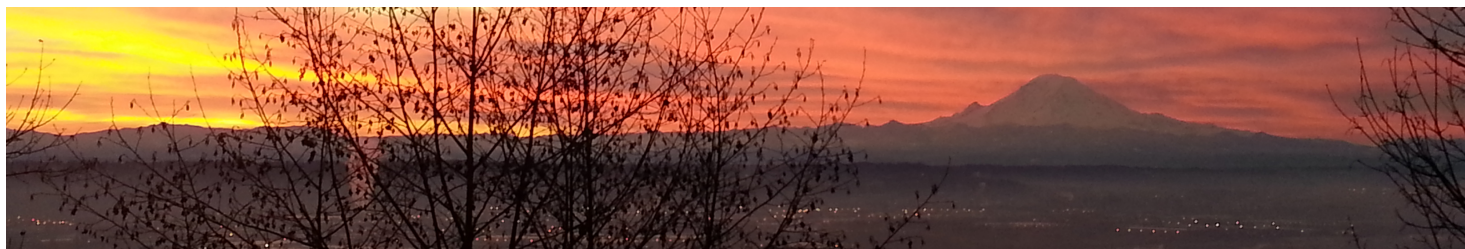

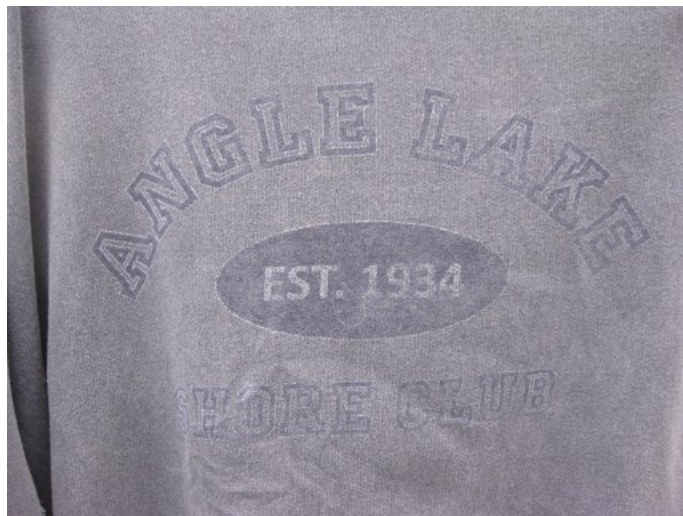

ANGLE LAKE SHORE CLUB PUBLIC RELATIONS

Angle Lake Shore Club Branded Apparel

Angle Lake Shore Club T-Shirts are available for purchase! The shirts are high quality cotton in a very fashionable dusty blue color with distressed artwork in a white and navy blue design.

We're selling these shirts as part of our annual fireworks fund raising efforts to collect additional funds to cover the cost of procuring a barge and new fireworks contractor to produce the absolute best fireworks show this community has ever seen!

The cost of the shirts is only \$20.00 each and will be available for purchase at the Christmas Party and any of the other ALSC major events. Otherwise feel free to order the T-Shirts when sending in your annual dues or ALSC event fees or donations.
