ALSC Welcoming Committee

Marge Murtha & Debbie Beck

On a very warm Sunday afternoon a few weeks ago, the Welcoming Committee set out to visit thirteen new neighbors. We found all of them but one and we will work on that address next time.

It's a pleasure to meet and greet the new additions to our wonderful neighborhood and hope they are enjoying their homes here as much as we all have enjoyed ours for so many years.

Remember, we need your help with letting us know any new recently moved in neighbors, call either Debbie Beck @ 425.444.0460 or Marge Murtha @ 206.870.1887 or Becky Johnson @ 206.852.1952 with information. It would be a great help, we don't want to miss welcoming anyone to our Angle Lake neighborhood.

ALSC Spooktacular Boo Cruise

Halloween Day, Saturday, October 31st 3:30-5PM

by Rosalyn Rombauer

Remember the ALSC Easter Bunny Dock Hop?! The Spooktacular Boo Cruise is of similar fashion, Halloween fashion that is! Between 3:30 - 5PM a Boooo Boat will be circling Angle Lake with some Spooky treats to give trick-or-treaters this year! The Boo Boat will hand out spooky treats to those children/families/adults who are dressed in costume! We will have a photographer ready to take family photos for you or if you would like to take photos with our Spooky Boo Cruisers! A Disney Princess will be making a special appearance for our Boo Cruise, so this is one you will not want to miss! Please email Rosalyn Rombauer - ros.rombauer@gmail.com if you would like the Boo Cruise to make a visit to your dock.

Santa Clause Is Coming To Town

Jim Todd & Steve Beck

Ho Ho Ho! Summer's gone and we have heard that Santa again has graciously accepted our request to come visit children around Angle Lake. His schedule would allow his availability on either Friday Dec. 11th or Saturday Dec. 12th. So those with good little children should let us know which you prefer. He'll ride around in a lighted boat parade one of those evenings. We have to use the boats since we've heard that the reindeer are weak swimmers.

Santa will make several stops around the lake so if your kids would like his visit at your beach or would like to join in at one of his other stops, please let us know. He's partial to bonfires, it's cold at the North Pole, so he may be more jolly stopping at festive beaches.

Since the reindeer won't be able to join us it would be nice to have eight boats parading him around. We're a few short so we welcome those with boats who know the song Jingle Bells to join us. And, if you know the song but don't have a boat to ride in please join us anyway on one of the fine craft in his retinue. Prepare for Santa, his elves and posse and help us bring holiday cheer around the lake!

Contact Phyllis Pickett at p.pickett@comcast.net by November 15th, to indicate which date you prefer, which beach you would like Santa to visit and whether you have a boat or not and would be interested in joining us.

ALSC Christmas Party!

Fuzz & Julie Hill

A Most Wonderful Time of the Year!

We've now completed the transition from summer to autumn so that must mean the holiday season is just around the corner! Therefore now would be a good time to start thinking about our Annual Members Only Christmas Party which is scheduled for Saturday, December 5th this year. We'll follow the regular routine with festivities starting at 4:00 p.m. and concluding at 8:00 p.m.

Steve and Debbie Beck have graciously offered their home to host the event. We will be having a delicious catered buffet dinner including tasty hors d'oeuvres, yummy desserts and hosted bar. We will be awarding a crown and scepter to Mr. and Mrs. Christmas again, the couple who most represent the spirit of the season.

Space is limited to the first 100 people, so please reserve your spot today! Tickets will sell for \$30 per person and may be purchased by contacting Julie Hill at (206)355-6460, or mailing your payment to: P.O. Box 69477, SeaTac WA 98188. We are in need of volunteers to assist with decorations, set up and clean up. If you are available to help, please contact Julie.

TO B-arge Or NOT TO B-arge.

by Lonnie Goulet

This article is to inform all members and lakeside residents that as of 9/16/2015, the ALSC Board of Director's effort to raise sufficient funds for the construction of barges to insure we will always have the capability to perform our own community fireworks show on Angle Lake has fallen short of our targeted objective. We have currently collected just shy of \$14,000 dollars, leaving us approximately \$10,000 short of our \$24,000 goal.

We hope it is clearly understood by all residents living on or around Angle Lake that if we fail to move forward with the barge program under this window of opportunity the chances of ever having another fireworks show displayed from the middle of the lake is not only a thing of the past but may also ultimately prove to be the end of any fireworks show all together on the lake. Please do not be lulled into the belief that the City is obligated to continue producing and/or sponsoring a fireworks display. If at some point in the future a decision is made *by our council or the citizen's of Seatac* to no longer financially or physically support a show being performed off the public docks, there would be virtually no other options available to continue producing a 4th of July fireworks show on Angle Lake.

With readily available access to barges, the ALSC under the worst case scenario would be able to

put on our own show visible to all with or without City participation. Under the best scenario we would be in a position to lend out our platforms to City provided private/ commercial sponsors so the show could be moved out to the middle of the lake for everyone to see, allowing the beach, swim area, boat launch and fishing docks to remain open for public use during the entire holiday period.

For those living on or around the lake who may be against a fireworks show, we respect your decision not to contribute to this concept however we believe this group to be in the minority. It is, for what we believe to be the majority, the residents around the lake who wish to ensure a continuation of a fireworks show that we persist in this quest. In the end if we are unsuccessful it will not be due to any lack of effort on the Board's part, but either because there was a sense of complacency on the part of our members who thought this would proceed without their financial support or we were misinformed about the level of desire held by the majority of our members to continue the tradition of producing our own community fireworks show.

The last action to undertake in attempting to achieve our goal will be to make phone calls to those individuals who have traditionally contributed annually to the fireworks fund but have not yet donated to the barge effort. We wish to confirm that

they are making a conscientious decision not to support the barge fund and that it isn't simply an oversight. The intent is to ensure that they are fully aware of how their decision will adversely affect the future of our fireworks show.

Finally it is important to realize that TIME IS OF THE ESSENCE. The barges are just the first step in getting the fireworks back to the middle of the lake. Until we are able to proceed with the construction of these barges we are unable to take the next step to secure both a fireworks company and a pyro technician. Normally we would need to be committing around the first of the year but with further delay in getting barge approval a scenario may develop where we are not able to get barges ready for the 2016 fireworks show in a timely manner to ensure securing a qualified fireworks company and pyro technician.

So ask yourself, TO B-arge OR NOT TO B-arge. THAT, MY FRIENDS, IS THE QUESTION!

NOTE: If you have not yet made a contribution to the Barge Fund and would like to do so now, please mail your contribution marked clearly as BARGE DONATION making checks payable to The ALSC and addressed to:

ALSC Treasurer

PO Box 69477

Seattle WA 98168

The ALSC held another "Clean Sweep" event this year on Saturday, July 25 from 9AM to 1PM followed by our usual picnic at the Angle Lake Manor Beach for all participants. The ALSC crew cleaned all our streets of trash from International Blvd on the west to I-5 on the east, and from S 188th Street on the north to S 200th Street on the south. We were able to clean 8 miles of streets with a very dedicated group of volunteers. We also cleaned the Angle Lake Park shoreline.

We had a smaller than usual turn-out of volunteers, but the weather was not predicted to be as good as in past years, and we were able to achieve our goal in spite of it. We want to thank all those who were able to join us in cleaning up our neighborhood and thank the Manor Club for the use of their beach. We also want to thank the City of Seatac for providing equipment and garbage bags and their removal of all the garbage we gathered.

Next year we look forward to doing the streets and shoreline, as well as the lake bottom if the ALSC has the barges we hope to build which are required for the lake bottom work. We will be looking for divers to help with the garbage on the lake bottom. If you know anyone who dives, please contact Judy Williams at (206) 419-4637. We will pay for the air for their tanks and invite them to join us for our picnic lunch and raffle.

We had a grand day that provided real benefits for all Seatac residents and especially our neighborhood.

Tasty Tapas Recap!

Jim Todd

Tasty Tapas Rides again!

Angle Lake again was the setting for another magical evening for the 7th annual Tasty Tapas cruise on August 15th. The weather was fine and the company better as about 120 revelers plied calm waters and visited the beaches of our gracious hosts. For those who have yet to join us, Tapas Day is the event of the year on the lake. Our groups cruised around sampling food and drink and were quite merry! Each group of tasters sported a theme - we don't really know why - but it seems to add to the fun. We had Pirates and Island folk, Seahawk fans and Mardi Gras revelers. It seemed like a preview for Halloween.

Not to be outdone were our magnificent hosts! Many thanks to the families who made it all happen by hosting this rabble at their places. The Jones family excelled with their Northern Italian fare. Bob & Carole Langenbach got us in a Swedish mood complete with lutefisk for those brave enough to try it (I did and almost liked it). Ros Rombauer and crew served up tasty Salvadorian cuisine and their bar was so stocked it should have had disclaimers. Steve and Rhonda Bell went for football fare without the stadium prices! Their football throwing contest may have humbled some but we saw that some of our neighbors can toss the rock. For our finale the whole bunch met at the beaches of the Hadallers, Jarnigs and Pattersons to compare notes over dessert and coffee. I think Kathy Hadaller must have been baking a week for all the beautiful treats we sampled.

So again, the evening was a rousing success. Participation was down a little from our record turnout last year - we heard from many who had made other plans and could not make it. Next year the event will be moved back to the 2nd Saturday of August, August 14th, and we hope to see another smashing event.

It's never too early to think about being involved and hosting your neighbors. Next year we will cruise the southern leg of the lake. If you'd like to talk of hosting or attending, send a note to Jim Todd at jimmijett@msn.com.

Another Fabulous Fourth!

by Fuzz Hill with additional content provided by Gregg Louvier

The weather on the Fourth of July was a dream for those who enjoy excessive heat, as a high temperature of 92 degrees was recorded that day, breaking the previous 90 degree record set for that same date in 1990. The schedule for the holiday was packed with exciting family fun events and the sky was absent of any clouds... yet the lake was also eerily absent of any significant crowds gathered around the shoreline as well. This is particularly surprising since the holiday fell on a Saturday this year.

While a fireworks show alone does not make the holiday great, it leads one to wonder if the absence of the familiar center of the lake fireworks display has discouraged the typical large parties from forming. A lower than usual number of participants were also observed at the traditional activities held throughout the day. Regardless, all the events were enjoyed with great success.

At the Manor

The morning was kicked off with the **annual Kiddies Day Parade** hosted by the Angle Lake Manor Club. Kids arriving in all types of bicycles, wagons and other wheeled contraptions gathered before the start of the parade to select holiday decorations to festoon their vehicles, their pets and even themselves! Ice Cream treats donated by the Shore Club were handed out at the end of the parade route prior to Fran Reid's voice students striking up patriotic performances and sing-alongs.

At the Park

The City of SeaTac Parks Department in collaboration with the Duwamish Southside Rotary and sponsor Alaska Airlines hosted an all day celebration at Angle Lake Park consisting of no less than nine hours of staged performance entertainment featuring a wide variety of music genres and offering carnival amusement rides for a nominal fee. The water spray park was a big hit with the children (and some grownups, too!) from the first squirt until the very last drop at 10 pm.

Around the Lake

The crew managing the **Bud Jones Memorial Walk/Run 'Round the Lake 5k'** made sure to have plenty of water on hand for the participants as

the temperatures continued to climb. Nearly twenty walkers departed promptly at 11:00 am and over thirty runners sped off at the sound of the air horn at 11:30 with all participants arriving at the finish line around noon. Ribbons were handed out to first through third place finishers and T-shirts were awarded to each first place finish runners within their respective gender/age category. The coveted 2.5 foot trophy was awarded to Brennan Wallin as the fastest participant to circle the lake with a recorded winning time of 0:19:33. This was Brennan's second win since having won the 2011 race.

On the Lake

Swim and Boat Races. Our hosts, Gregg and Marsha Louvier reported that they had a pretty good turnout. People arrived by car, by various types of boats and some just walked over. Just over 25 swimmers ranged in age from 3yrs old to "more experienced" (right Rodger May?!). There were lots of family and friends watching. At least 60-70 people were on hand for the festivities!!

These races have historically been held in the cove for as long as anyone can remember (50 plus years), however recent home reconstruction activity required the event be moved to a new location. It is believed that the change of venue is still throwing some a curve and creating confusion. Gregg confirmed there were more people this year than last and will probably be more next year as we continue to get the word out.

The spectator area is primo, up on a slight bank with the race course running parallel to the spectator area from dock to dock (about 100ft). The younger swimmers (and waders) "race" along a shallow 20 ft course. Adjacent to the course and the spectator area is another dock for boats to tie up. The races were wholesome fun and it was all wrapped up with the Rice family grudge match. Spurred on with the top prize of a fine Angle Lake Shore Club tee shirt - Jerry, Scott and Jeff showed us what FAST was. It was a Great race. It may have been Jerry coming out on top, Gregg wasn't sure, but whoever did win will be wearing their ALSC prize tee shirt with pride!

The Complete results are on the next page.

Swim Results:

Open (Old guys)

Jerry, Roger, Gregg and John in that order (“It’s obvious Rodger has been practicing”, Gregg stated)
Then the previously mentioned RICE Race, with Jerry taking 1st place, Scott and Jeff following behind in 2nd and 3rd respectively.

Immediately following the swim races the docks were moved and we started the boats races. First up were the Peddle boats. Mackenzie May and Lexi Bates took first among the young ladies with Phoebe and Sophia taking second. In the guys heat Mike and Maguire Manehey took the BLUE with the red going to Jerry Custer and Zach Frankie. No canoes or rowboats showed up this year.

In the younger age kayaks, Sophia Thorson took first followed by Baylee Louvier and Naya taking third. After a bit of TAUNTING, Roger was enticed to race against his oft opponent Kelsey Rock (Louvier). Gregg jumped in to add some variety and obstacles to the race. Roger and Gregg got “tangled up” which allowed Kelsey Rock to take the BLUE. Roger ended up finishing just behind Gregg.

Dock Decorating Contest. The first place ribbon for the annual patriotic dock decoration competition was awarded to John and Sherry Yapp who also receive a crisp hundred dollar bill for their effort! Rod & Beth Ancheta; Steve & Rhonda Bell; and Bruce & Sandy Goulet were presented 2nd through 4th place ribbons and received \$75; \$50; and \$25 cash award respectively. Honorable Mention were awarded to Jim Pepper; Ed & Jeannie Montry; Billie Jones & Family; and Drew & Debbie Clark who all received Beach Towels in addition to ribbons. An additional 42 Participant ribbons were awarded to the remaining residents who made an effort to display the red, white and blue.

Parade of Boats. At dusk a parade of pontoon and

ski boats circled the lake giving cheers and greeting to everyone along the shoreline, wishing everyone a happy Independence Day.

Over the Lake

The day festivities concluded with a **Fireworks** display performed off the public fishing docks at the park. The show was funded through a cooperative effort between the City of SeaTac and equal contributions from Alaska Air; Recology; and Master Park. Performing the fireworks show from the docks mandates that the boat launch and the entire swim area and beach be closed off from public use for safety reasons and requires smaller shells be used resulting in a lower than usual display - which gauging from the boisterously loud response from the crowd proved to be the perfect viewing height for those witnessing the display from the park and gathered by boat offshore from the lake.

In the Future

It is still in our Shore Club plan to finance and **build barges** which we will join together to perform future shows positioned in the middle of the lake. As of the end of September, we are behind in our fundraising goal. However we will perform a final concerted effort before we give up on our plan. If you have not yet donated and plan to do so, please do not hesitate any longer - contributions can be mailed to our Post Office Box or dropped off with any ALSC board member. Thank you for your support.

One Doggone Windy Day!

<http://anglelakesc.blogspot.com/2015/09/one-doggone-windy-day.html>

An excerpt from the ALSC Blog

By Fuzz Hill

The windstorm on Saturday, August 29th will surely go into the record books for some of the strongest winds, if not strongest ever recorded in August.

Local meteorologists are still a bit in awe over the power of the storm Saturday that has become the earliest windstorm on record in the Pacific Northwest -- by several weeks! The prior date on the calendar for a major windstorm to strike? October 2 -- more than four weeks later than our most recent storm. According to the tracking on the peak gusts, some of the gusts experienced Saturday were stronger in some spots than some of our greatest wind storms on record.

Now granted, wind storm damage depends a lot on not only the intensity of the storm, but the track and whether the peak wind field is over populated areas or not. The storms compared to the Saturday storms -- the Hanukkah Eve storm of Dec. 14, 2006 (<http://www.climate.washington.edu/stormking/December2006.html>), the Inauguration Day Storm on Jan. 20, 1993 (<http://www.climate.washington.edu/stormking/January1993.html>) and the Oct. 12, 1962 Columbus Day Storm (<http://www.climate.washington.edu/stormking/October1962.html>), all did far greater damage than the storm this weekend -- one reason was the Seattle metro area took the brunt of the storm, and second, the storms were considerably stronger. But there were indeed some spots that of the 4 storms had their windiest day Saturday.

	Aug. 29, 2015	Dec. 14, 2006	Jan. 20, 1993	Oct. 12, 1962
Seattle	46 mph	69	64	58
Tacoma	54	69	62	88
Everett	61	66	67	81
Bellingham	58	55	59	98
Whidbey NAS	70	69	33	90
Olympia	45	53	55	78
Destruction Isl.	87	80	49	78
Hoquiam	63	63	52	81
Astoria	62	69	72	96
Portland	43	53	43	116

Missing Items:

Several neighbors in our area have written the blog to report paddles, boats and large inflatable structures washed up onto beaches on the north end of the lake. If you are missing something, please take a tour of the north end to recover your item. If you have something to report (lost or found) it's recommended that you post the item in the Angle Lake Neighborhood Site of [Nextdoor.com](http://www.Nextdoor.com) (requires a valid user login). Help for creating a Nextdoor.com account may be accessed at: <http://bit.ly/1WJ20cj> (Case Sensitive).

Clearly marking your post number or phone number on the item in indelible ink would make for a much more efficient means of recovery, else someone could misinterpret the item as being abandoned and may use or dispose of the item as they see fit.

Fun Fact: Did you know that Clyde 'Fuzz' Hill is recognized as the individual to name the Hanukkah Eve Storm? (<http://www.seattletimes.com/seattle-news/december-wind-storm-now-dubbed-the-hanukkah-eve-storm/>).

New Years Day 2016, the Angle Lake Shore Club will host the Polar Plunge at the Angle Lake Manor Beach where neighbors will gather and gaze in bewilderment at the actions of the ‘strong minded and brave hearted’ (!?!) who’ll assemble along the lake shore readying to endure the annual mid-winter plunge.

Our tradition of helping feed the hungry will continue as we request that all spectators and participants bring a donation of cash or non-perishable food items for the local food bank. Plus we’ll reward all who attend this New Year event with a chance to win a prize, eat a few pastries, and enjoy some hot coffee!

Your donation of non-perishable food items and/or cash contributions will assist the Highline Area Food Bank to replenish empty shelves due to heavy demand supporting the many in need through the holidays. Our neighbors in need will benefit from your generous donations while event participants will benefit by being eligible to win ALSC branded apparel! Simply by showing up at the Manor Club Beach on New Year’s Day between 11:00 am and Noon will entitle you to one raffle ticket for a chance to win a ALSC t-shirt; Show up in costume (regardless if you’re planning to plunge or not) and you’ll earn another ticket and another chance to win; bring non-perishable food items and/or one or more dollars to donate to the food bank, you’ll receive a raffle ticket for each item for additional chances to win; and finally – taking the plunge will earn you an additional chance to win a prize! Several T-Shirts shall be awarded!

Benefiting our local emergency food bank; winning prizes; enjoying the company of neighbors; and having FUN! That’s the real Reason we’ll be out there Freezin’! We hope you’ll make plans to join us! Consult your physician prior to participating in the Polar Plunge to verify your physical capability; consult the Blog at www.anglelakesc.blogspot.com as we near the date for further event details; and perhaps after taking the plunge consult a psychologist to validate your senses!

Angle Lake Shore Club Branded Apparel

Angle Lake Shore Club T-Shirts are available for purchase! The shirts are high quality cotton in a very fashionable dusty blue color with distressed artwork in a white and navy blue design.

We’re selling these shirts as part of our annual fireworks fund raising efforts to collect additional funds to cover the cost of procuring a barge and new fireworks contractor to produce the absolute best fireworks show this community has ever seen!

The cost of the shirts is only \$20.00 each and will be available for purchase at the Christmas Party and any of the other ALSC major events. Otherwise feel free to order the T-Shirts when sending in your annual dues or ALSC event fees or donations.
