Break Out Your Dance Cards

We've got some dates for you! A season does not go by on Angle Lake without a community event to look forward to. The Angle Lake Shore Club sponsors and/or hosts the following events annually. Most activities are free to participate in except where noted below.

Spring

Sunday, April 5th. The Easter Bunny will be dock hopping around the lake on Easter Sunday carrying a basket full of eggs to hand out to all the local ALSC children! Available to all residents and their extended families around the lake.

Saturday, April 25th. The Community Litter Cleanup. Shore Club members are encouraged to join the citywide Annual Litter Clean Up event. Meet at the Tyee Educational Complex to receive gloves, bags, pickers and vests before heading out to clear our neighborhood of trash and debris. Event is hosted by the City of SeaTac and is open to everyone to participate.

Sunday, May 3rd. Angle Lake Fishing Derby. The Derby is open to all members and non-members who purchase Derby raffle tickets. A raffle ticket entitles you to a continental breakfast, entrance into the fishing competition, barbecue lunch and a chance to win raffle prizes. Fishing competition prizes will be awarded based upon predefined categories; Raffle prizes will be awarded via random selection.

Summer

Fridays, June through September. It's "Heads and Tails on the 'El". Each Friday evening (weather permitting) community members will gather at the lake 'elbow' from 6:00 until 8:00 pm to share a frothy mug (heads) and other adult beverages (tails), snacks and conversations. All are welcome.

Saturday, July 4th. Independence Day Activities. Morning activities begin with a fun neighborhood kiddie's street parade followed by the run around the lake competition. The afternoon will include swimming and boating races and, of course, will include our dock / beach decoration contest. Join the Parade of Decorated Boats for a sunset cruise in advance of the fireworks show! All activities are open to members and non-members alike. NOTE: The club intends to resume our long standing tradition of a presenting a fireworks display to the lake community in 2015.

Saturday, July 25th. Lake Bottom Clean Sweep. Community Volunteer Event focused on clearing debris from the shoreline and bottom of Angle Lake. Opportunity for all skills in all conditions walking along the shoreline, snorkeling just below the surface, and even scuba diving in the deeper parts. Volunteer appreciation lunch will be provided and raffle prizes awarded by the ALSC. Open to all.

Saturday, August 15th. Tasty Tapas. Come aboard or better yet, captain your own vessel, joining with your lakeside neighbors enjoying great conversation, tasty appetizers and a satisfying beverage or two. An additional fee is

required to participate. This is a members and guest only event.

Fall

Saturday, September 12th. Family Fun Picnic to gather and celebrate the Last Days of Summer on the lake. Details to be determined.

Saturday, October 31st. ALSC Spooktacular Bone-Voyage Halloween Cruise. Trick or Treat Angle Lake Style! Details to be determined.

Winter

Saturday, December 5th. ALSC Member Christmas Party. A Year End party hosted by a member at their house. This is a member only event and requires a ticket purchase to participate.

Friday, December 11th. From 6 - 8 PM, Weather Dependent. Christmas Cruise. A flotilla of holiday decorated boats will ferry Santa and his hapless holiday helpers to predetermined stops around the lake spreading seasonal cheer and sharing special surprises. Everyone is encouraged to participate by decorating your boat and joining the parade or watch lakeside with a roaring beach bonfire.

Friday, January 1st. New Years Day. Join us at the Manor Club Private Beach for the annual Polar Bear Plunge! We'll be joining hands at High Noon and then High Tail It through the water to the swim platform and back for small prizes and bragging rights! Not enough incentive for you to enter the frigid waters? - well why not stand safely on the shores gawking and ridiculing those in the water! All are welcome.

Release from Liability: Recognizing that the Angle Lake Shore Cub (aka: ALSC), a not-for-profit neighborhood based organization operating solely on a volunteer basis, will do its best to ensure a safe experience, it is important to understand that participation by any member(s) or non-member(s) in any activities sponsored by the ALSC is done so at the participants own risk and doing so agrees to hold harmless the organization or its elected officers.

All of the photos from past events can be viewed at the following location <http://bit.ly/1BEhKBI> and are linked from the Angle Lake Shore Club Internet Blog Site (anglelakesc.blogspot.com)

News on the L / ALSC BARGES FORWARD WITH FIREWORKS PLANS

President Launce Goulet

ALSC Barges Forward with Fireworks Plans

First, I wish to extend my congratulations to the City for putting on a fantastic fireworks display using both the pyro-technician and fireworks contractor that the ALSC played a major role in procuring. And while the show was quite spectacular, it was also small in comparison to past shows and only visible to about 60% of our community from their homes.

Secondarily, I'd like everyone to be informed that the ALSC was not involved in either the production or cost of this show. It was the Board's unanimous decision not to allocate any ALSC funds toward this show due to the number of members who it would not be visible to as a result of it being staged from the existing fishing pier located at Angle Lake Park.

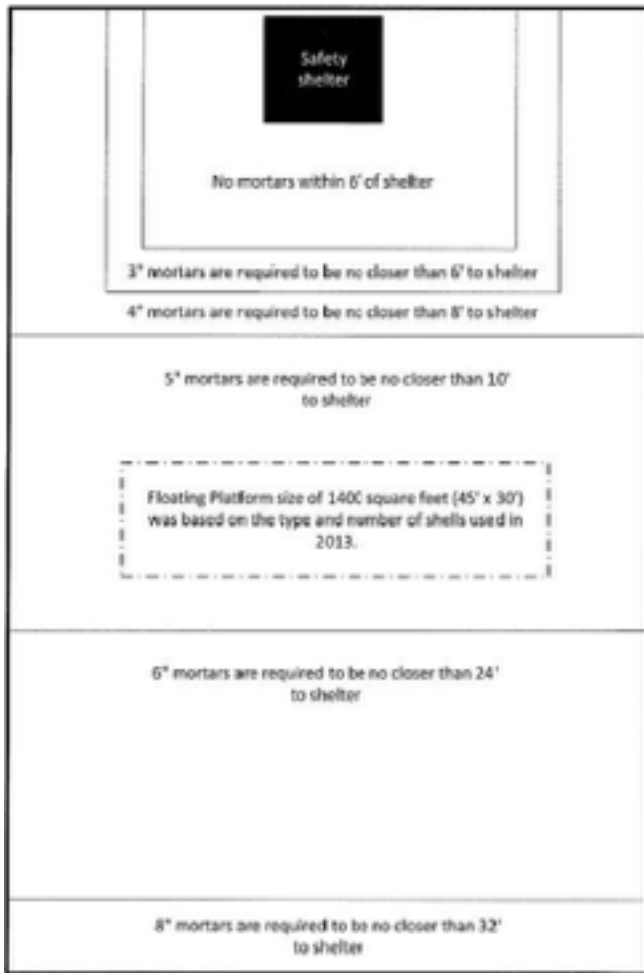

With 2014 being the first year I can recall the ALSC not putting on a fireworks show and from substantial feedback from the members, I know I am not alone in recognizing and feeling that we lost a little community spirit and pride as a result. Witnessing a noticeable reduction in the number of people gathered along the shores, it is very evident that the fireworks show plays a big part in our celebration of the 4th of July so I truly believe we need to pool together to bring back a fireworks show we are proud to share with our family, friends and fellow neighbors.

We all know the saying "fish or cut bait". It's now time to cut last year's bait and begin fishing in the New Year. By this I mean that we need to move forward with our plans to secure our own floating platform from which we can stage future fireworks shows from the middle of the lake for all our members to see. To accomplish this we need to build approximately six (6) individual barges designed and constructed to fit together

forming a modular temporary floating platform measuring approximately 1,400 sf. This size of platform should be sufficient to stage up to a \$20,000 show.

To achieve the goal of securing our own floating launch platform we are proposing the following steps:

1. Seek out homeowners along the shoreline interested in supplementing their existing docks by partnering with the ALSC in the material construction costs of these barges that will all be built to a standard specification. When completed each barge would then become the sole property of the assigned homeowner after said homeowner signs a lease agreement with the ALSC allowing them unrestricted use of the barge for ALSC events.
2. Make a capital call to all members (which would basically equate to what would have been donated for the past year's fireworks contributions) that would be applied solely to the construction of the barges with any surplus funds being deposited into a separate barge maintenance account.
3. Find a convenient location on the lake from which we can stage the building of the barges.
4. Solicit volunteers to provide labor and tools required to build the barges to ALSC specifications.

Scale: 1" = 10'

The Process Begins..

The process begins with this notice advising our general membership of our need for volunteers. From there we will create a list of those interested in helping with each of the steps referenced above. Item #1 was discussed at the ALSC Christmas Party meeting and an initial list of interested active members was started. This latest and final notice is to advise all lakefront ALSC 'ACTIVE' members interested in participating in this program to contact either Fuzz Hill or Lonnie Goulet no later than April 18, 2015 for consideration in participating in this endeavor. A meeting will be arranged to describe the partnership in more detail and when we have up to the first six (6) candidates fully committed, we will proceed with securing the necessary paperwork, designs, and materials needed to achieve our goals and look into seeing if producing a fireworks show is feasible for this year or if it may be forced to wait until next year.

We look forward to your support in this matter.

News on the L / ANGLE LAKE FISHING DERBY MOVES TO A NEW SPOT

Jim Todd

Angle Lake Fishing Derby Moves to a New Spot!

I think it must be almost time to try your luck at the 2015 Angle Lake Fishing Derby. We have a NEW location for the event this year. Bruce & Sandy Goulet will host the party on Sunday May 3rd. They are at post #21 on S 198th St and from the shore just look for the big pinwheels! Fishing starts at the crack of dawn and judging and prizes start at noon.

For those who don't know, The Angle Lake Fishing Derby is a classic community event and has been held annually for many decades. It's always a fun gathering but we'd love to make this one the best yet! We urge all of our lake community members to be involved, especially you who haven't tried it yet. Come out into the great outdoors and participate in a fun, family-friendly fest!

The derby is not just for anglers. We expect plenty of folks of all ages out on the water casting for lunkers. But fishermen need admirers too. If you're not ready to try your luck on the lake come to the beach for the party. We'll have coffee and doughnuts in the morning followed by a BBQ lunch to warm your bellies. There will be a crackling bonfire on the beach to warm your outsides. It's a fine time to see neighbors you may have missed during the long winter hibernation and to meet new ones.

Prize for the biggest fish is \$115 and there are other prizes in categories based on age. All anglers are eligible – we've had fish catchers from about 3 to 93 years old. A fishing license is

required for anyone 15 and older – check with the State department for requirements. One place licenses can be purchased is at Big Five stores.

To make things exciting for all attendees we hold an AMAZING raffle in conjunction with the derby. Prizes include A PAIR OF LAKE KAYAKS, a pair of tickets to the ALSC Christmas party (value \$60), 4 tickets to the Tasty Tapas event in August (\$100 value), Bowling Party certificates good for 10 bowlers each donated by the Johns at Hi-Line Bowl, and at least one more grand prize we're working on now. There will be other fun prizes and the number of total prizes will depend on ticket sales. There will also be prizes for all the kids in attendance and a kid's game to get them moving.

Tickets for the event are good for entry for the derby, food and drink on the beach and as entries for the raffle. Tickets for the derby are \$5 and proceeds are used to pay for the event. You must have a ticket to enter the derby. Most folks will buy multiple tickets to help support the event and get better odds for winning a raffle prize. One ticket is \$5, 3 tickets for \$10 and 10 tickets for \$20. What a deal! Volunteers will be going around the lake to hand out flyers with all the derby details and to sell tickets in mid April. Tickets will also be available for purchase at the event for those who'd like to participate.

Please be generous with your support so that we can continue to host this neighborhood gathering. It warms the heart to see all the involvement of our friends and neighbors. Angle Lake is a great community and it's great because of you!

Whether if you arrive by boat, car or on foot we'll look forward to seeing you May 3rd. If you'd like to help sell tickets, help out at the derby or need to buy tickets please contact one of the following people:

Judy Williams 206-419-4637

Jim Todd 206-226-9965

Julie Hill 206-355-6460

Let's Keep it Clean

The ALSC is encouraging members to consider participating in a second "Clean Sweep" event schedule this year.

Each year, ALSC members generously donate their time participating in our 'Annual ALSC Lake Clean Sweep' in July. With the club's success in expanding the clean sweep effort beyond the lake and out onto our local streets, we've decided this year to encourage our Club and Community members to also participate in the City's Community Litter Cleanup Event, as well.

First By Land

The city sponsored Community Litter Cleanup is planned as a concluding event to the Earth Day Week Celebrations held in conjunction with the Spring Recycling Collection Event. Both events will be located at the Tyee Educational Complex Parking Lot.

Community Litter Cleanup and Spring Recycling
Collection

Saturday, April 25th

Tyee High School, 4424 S 188th Street

Community Litter Cleanup 9am – 11:30am | <http://bit.ly/1FWhVhY>

Recycle Collection: 9am – 3pm | <http://bit.ly/1No1Cew>

Partnering with the City of SeaTac and other neighborhood groups in this second event will allow community volunteers to concentrate their effort on 'land' clean up, leaving a focused effort toward the 'lake' for July's event. Our plan April 25th will cover the same land area we did at last year's Clean Sweep, which is all the streets from S 188th on the north, to S 200th Street on the south, and from

International Boulevard on the west to Military Road on the east. We need a great team of volunteers for this effort!

On April 25th, We will meet at the Tyee Educational Complex at 9AM to get gloves, garbage bags, trash pickers and safety vests before heading out to improve our neighborhood. The City will help by disposing of all trash collected.

Second By Sea

Our "lake bottom clean-up", which we have held in conjunction with our neighborhood clean-up in the past, is scheduled for July 25, 2015, 9AM to 1PM. We will meet at 9AM at Angle Lake Park to start off, and will finish with a great lunch at the Angle Lake Manor Beach and draw for prizes for all participating volunteers.

We will continue to clean the area in front of the Angle Lake Park fishing dock and swimming area that we also tackled last year, and do litter patrol on and around the shoreline in that area. In addition, we will be picking up items from the lake bottom around the lake wherever they are noticed and reported. Please contact the organizers via email (anglelakesc@gmail.com) to let us know if there is anything around your waterfront that needs our attention.

ALSC Lake Bottom Clean Sweep

Saturday, July 25th

Angle Lake Park

19408 International Boulevard

We are looking to recruit volunteer divers to assist with the underwater clean-up, and we need lots of "waders" to do the shoreline area. In the meantime, please feel free to survey your area and report any problems that could benefit from this type of endeavor. If you're interested in volunteering as a diver or have a particular area for us to focus on, please call Judy Williams at (206) 419-4637 or Julie Hill at (206) 355-6460.

We look forward to a great turnout for each of these two events, spending fun mornings together resulting in a more clean and livable environment.

Delight of December

Members of the Angle Lake Shore Club enjoy an amazing evening attending the Annual Christmas Dinner Party hosted at the residence of Gene McGarah.

The annual Members Only Christmas Party is recognized as THE Social Event of the Year! And this year's host location helped deliver an exquisite experience. The designed layout of the McGarah home provided the nearly 90 guests an opportunity to gather as smaller groups within the various rooms located throughout Gene's spacious home, permitting a more intimate experience for participants to visit with each other on a personal basis, parlaying an impression of attending several parties within a greater village.

As is now standard tradition, a general meeting was called to order where members gathered in the great room and received the state of the club report delivered by our president, Lonnie Goulet. Included in the agenda, recognition was given to serving board members and key volunteers supporting events throughout the year; discussion was had pertaining to club

interest for an arranged partnership with key homeowners in the acquisition of barges necessary to reestablish our traditional 4th of July Lake Community fireworks; and the 'Mr. and Mrs. Christmas' title was awarded to Ed and Jeannie Montry for their many years of service supporting the club and performing water quality testing and reporting through the decades.

At the close of the meeting, attendees were treated to an array of appetizers and bountiful Italian themed buffet dinner catered by the award winning Bakeman's Restaurant of Seattle. Ample refreshments were graciously served up to visitors of the open bar and some very lively caroling of Christmas favorite tunes were led by our hired entertainer, Mary Courtney. Immersed in the spirit of the season, guests generously contributed to the canned food drive benefiting clients of Northwest Harvest.

"I loved having everyone at my home for the ALSC Christmas Party" Gene said, "It was my pleasure to meet such pleasant people and to help celebrate the holiday season! Thank you, Julie and your committee, for organizing such a lovely event. I'm glad to have been a part of it".

And thank you, Gene McGarah, for your generosity and gracious hospitality in welcoming our members into your home. We are now seeking a location to host the 2015 Christmas Party. If you'd like to offer your home for consideration, please contact Julie Hill at (206) 355-6460.

A Letter From Santa

To all angle Lake Residents, we received the following letter from Santa's North Pole address On January 15th. Sorry for the delay but it was in a block of ice and took 3 months to thaw out.

Ho Ho Ho..

HO HO HO! Santa Claus here....

Mrs. Claus said I should send a letter of thanks to all the kids I visited on Angle Lake this year. You all are so special and for the most part, you all were good, so you should have received what you asked for on Christmas Day. It was nice to see that the majority of my visitor's teeth and ears were very clean this year.

The main captains of the boats, Launcier and Brucier, did a good job of decorating their boats. In fact, now Rudolph has complained to the Senior Lighting Elf about adding more colored lights to the reins next year. I asked

Consuela Gft Elf, Jewels, who scabbled together the pre-Christmas gifts for the kids, to add a little more candy next year because Mrs. Claus thought it would be a nice reward for the kids keeping their teeth clean.

Santa's memory is not the best as I get older, but I enjoyed your stories of why you wanted certain new toys: iPads, smartphones, games & bikes. I was touched by the request of a couple of brothers and sisters who want gifts for their siblings, instead of themselves; this brought tears to Santa's eyes. But I stayed tough and recorded a special blinking nose mark under your name for next year.

Even though my reindeer hide in an undisclosed location by the lake, it was nice to find out that someone fed and groomed all of the reindeer and the elves that stood guard while I was on Santa's boat.

Mrs. Claus asked the elf coordinator, Toddles, to establish six major dock stops next year. She also asked Elf Guide, Ziggy, to ask dock stop coordinators to invite all their neighbors' children to increase the number of gifts Santa can deliver at each stop.

Best of all our Elf Cheer Coordinator will require one favorite song to be sung by all kids when Santa arrives and departs next year. This will enhance the children's' voices in time for Christmas Eve.

So until next Christmas, goodbye and good luck to all and to all a good year!

Love, Santa and Mrs. Claus

News on the L / FREEZIN' FOR A REASON, WELCOMING COMMITTEE, & EASTER BUNNY DOCK HOP

Freezin' For A Reason

Tanie Rae Standridge

Festooned in costumes and feathered finery 103 neighbors around Angle Lake gathered to start the New Year with a splash. The 7th annual Polar Bear plunge went swimmingly as folks met at 11AM for breakfast pastry, pumpkin pie, hot apple cider and Starbucks coffee with an optional top off of rum.

At noon 11 hardy swimmers bared their skin to the freezing air then plunged into the frigid waters! Whatever for, you may ask. For a very good reason above and beyond proving mental and physical toughness. This annual bout of insanity raises funds and collects non-perishable food for the Tukwila Pantry and Highline Emergency Food Banks. 123 pounds of food was collected for the Highline Food Bank plus a \$70 in cash donations. An additional \$75 in cash donations was collected for the Tukwila Pantry. The cash donations were double what was raised last year. Way to go community.

A roaring fire helped resuscitate the swimmers who received special recognition for their bravery then several fabulous Angle Lake Shore Club T-Shirts were raffled off to participants who brought donations, wore costumes, dipped in the lake or merely showed up.

What better way to ring in the New Year than with camaraderie, community, philanthropy and fun!

Welcoming Committee

Marge Murtha

Debbie Beck, Becky Johnson and Marge Murtha of the Angle Lake Shore Club Welcoming Committee ventured out on Sunday, March 2nd to visit four different families on the lake.

In welcoming them to the lake, we gave each family a very nice 'Welcome Packet' which contains helpful information about our area. We get the booklets and maps from our very own Visitor's Center at 3100 S 176th St, which is stocked with dozens of articles and booklets that include points of interest in the area including the history of the South End. They are a very interesting read.

The Packet also includes a free gift card for family bowling, compliments of Val and Pat Johns, owners of Highline Lanes in Burien. It also includes a \$15.00 Gift Certificate, compliments of Furney's Nursery to.

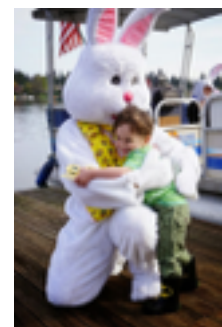

Easter Bunny Dock Hop

Rosalyn Rombauer

The ALSC Easter Bunny Dock Hop completed another successful year! The ALSC had a new stop at the ALMHP in 2015, where many more children were allowed to receive eggs from the Easter Bunny!

Check out all the pictures

from the event at https://plus.google.com/photos/105060245428878246845/albums/6134621386136201409?hc_location=ufi

News on the L / OH WHERE, OH WHERE IS THE MACHINE GUN

Steve Beck

Oh Where, Oh Where is The Machine Gun?

Do you remember during Clean Sweep last year the recovery of a historical machine gun from the bottom of the lake by resident deep lake diver and president of the ALSC, Lance Goulet?

Well, a letter inquiring about the fate of the gun was sent on August 7th, 2014 to the chief of the SeaTac police, Lisa Mulligan. She responded to the letter on August 15th, 2014.

I, Angle Lake Shore Club advisor, Steve Beck, also had a conversation with the chief in which she described the process of researching the gun's history to see if it was used in a crime. She explained federal, state and King County laws regarding disposition. It would take time.

After hearing no information for over 60 days, I placed a call to Chief Mulligan again and she informed me she had no information on the gun and I should try to contact Detective Corliss who is on the case. I followed up with the detective twice, leaving detailed messages. I finally received a call from detective Corliss and he stated that Washington State has been given the chore to try to figure out the serial number and if the gun has been used in a crime. He

also stated that serious crimes take precedence over an investigation such as this, which is understandable.

I will continue to contact the police to track the progress and whereabouts of this historical machine gun. The fact that the gun is definitely inoperable and has historical/relic value we feel it should be returned to its finder, Launce Goulet providing, of course, it has not been used in a crime.

It would serve no purpose for our law enforcement to cut this machine gun in half or melt it down into bricks for some political recognition on a walkway in Seattle as is now done with other retrieved guns. If we destroy history, we will have none!

As of April 1st, 2015 and after two calls to Detective Corliss and no return calls the next step will be a request under the Freedom of Information Act and a contact to the FBI field office in Seattle for a ruling on this machine gun!

Oh where, oh where will this historical machine gun end up?

City 206-973-4800
SeaTac police 206-296-3311
Detective Corliss 206-205-2505

Long Over Due?

It seems that no matter where you turn costs are on the rise but does anyone recall the last time the dues for the Angle Lake Shore Club were raised or for that matter are we certain if they'd ever been raised at all since inception of the club? While the cost of our volunteer labor has remained flat, expense for the materials needed to execute our various shore club events have risen.

During the November board meeting a motion was made to consider an increase in annual membership dues to ensure the quality of our events can be maintained. With the introduction of new events such as the Easter Bunny Dock Hop, Lake Area Clean Sweep, Santa Christmas Cruise and the Polar Bear Plunge, a moderate increase in spending has been realized. However that modest increase is greater when coupled with the continuing uncertainty of our annual fireworks show and the absence of the related fireworks donation drive that has traditionally helped provide the necessary funding to help cover these additional events.

After thorough discussion, the ALSC Board of Directors was of unanimous opinion that the Angle Lake Shore Club dues are due for change. We all agreed that raising our dues is the most prudent method to insure that our events continue as we consider these family centered activities help to exemplify the type of neighborhood that we are proud to live in.

We're confident that you'll also agree that the prior rates charged for membership have been long overdue for a change. As of January 1, 2015 the dues for joining or renewing an ALSC membership will increase for a single member from \$5.00 annual to \$10.00 and a family living under the same roof will increase from the current \$10.00 annual membership fee to \$20.00.

A membership renewal and event order form is conveniently available on the BLOG if you choose to mail in your dues; or use to pay at an upcoming spring event or when our Fishing Derby Volunteers are out later in April selling derby/raffle tickets.

We are most appreciative of our volunteers and the continued financial support of our community that help to make Angle Lake a most desirable place to live. Thank you!

<http://anglelakesc.blogspot.com/2015/03/long-over-due.html>

Crime Reports

The Angle Lake Shore Club Blog is a place to find crime reports. The purpose of sharing these reports is to help the residents of Angle Lake to become better informed about the criminal activity occurring within their neighborhoods so that better preparation and mitigating measures may be taken to help prevent crime from occurring.

<http://www.anglelakesc.blogspot.com/p/crime-reports.html>

We want to hear from you!

Have a photo or story you would like to see published in an issue of *News on the L*? Post it on the ALSC FaceBook page [AngleLakeSC](#) with the caption "I read *News on the L*" for a chance to be in the next issue!

News on the L / ANGLE LAKE FIRE STATION 45

Capt. Shelle Dier

Serving the Cities of Kent, SeaTac, Covington, and King County

Kent Fire Department RFA

Internationally Accredited Fire Agency

24611 116th Avenue SE

Kent, WA 98030

Office: (253) 856-4300

Fax: (253) 856-6300

Professionally and Compassionately Helping People

March 30, 2015

The Firefighters at Station 45, Kent Fire Department RFA, would like to take this chance to introduce ourselves. Angle Lake Fire Station 45 is a specialty station with Firefighters who are certified Rescue Boat Operators and Rescue Swimmers. The safety of the Angle Lake community and citizens using Angle Lake is important to us. We support the water community by training for all types of water rescues. Our training ensures that we are proficient with rescue techniques during water emergencies. We know we may be able to save someone's life with safe and speedy responses, so training to perform proficiently is critical.

There's a saying in the Fire Department, "Train like you fight; fight like you train"; our training needs to be realistic so we can evaluate how to best handle emergencies. With water rescues, this means using our motor boat which gives rapid transport of the Rescue Swimmers to the middle or far reaches of the lake. The boat also gives us a platform from which to work and perform rescues.

We want to train on Angle Lake because it is in our neighborhood and response area, we need to be familiar with the lake and its nuances, and if we ever get dispatched to a call while training, we will be able to respond to the fire or medical emergency because we are still in our response area.

What type of frequency do we need to be proficient with water rescues? Fire Station 45 is staffed with three to five firefighters, 24 hours per day, 7 days per week. The firefighters are divided onto three different shifts. Each shift needs approximately one day per month for water training, which means the boat would be operating at speed for periods of training (1-2 hours) about 3 days per month. We understand that Angle Lake is a "no wake zone" lake and would only operate at speed per training requirements.

It is our hope that the above information answers some of your questions about our boat training on Angle Lake, as well as provides you with insights as to the importance of our training and how it makes the Firefighters proficient with boat operations and rescue responses.

When you see us training on Angle Lake, give us a wave and a shout if you want us to drop by for a "hello". If interested, we will show you our boat and demonstrate a rescue technique that we are practicing that day. Thank you for your support in understanding how important it is for Station 45 firefighters to use our boat to train on Angle Lake. Our training makes your and our community safer!

If you have further questions or need additional information, please email me, Capt Shelle Dier, Station 45-C shift at sdier@kentfirerfa.org; or call me, or the other Captains, Jimmy Webb or Bob Kelley at Station 45, 253-856-4545. Thank you.

With respect,

Capt. Shelle Dier

Spring 2015

Angle Lake Shore Club Branded Apparel

Angle Lake Shore Club T-Shirts are available for purchase! The shirts are high quality cotton in a very fashionable dusty blue color with distressed artwork in a white and navy blue design.

We're selling these shirts as part of our annual fireworks fund raising efforts to collect additional funds to cover the cost of procuring a barge and new fireworks contractor to produce the absolute best fireworks show this community has ever seen!

The cost of the shirts is only \$20.00 each and will be available for purchase at the Christmas Party and any of the other ALSC major events. Otherwise feel free to order the T-Shirts when sending in your annual dues or ALSC event fees or donations.

Angle Lake Shore Club Fishing Derby

Sunday, May 3rd, 2015

Goulet Beach (Fire Post #21)

Fishing, Food, Fun, and Prizes!

Raffle prizes include a PAIR of kayaks, Bowling for 10, 4 Tapas tickets, Xmas Party Tickets, a little old trolling motor and many other fabulous prizes!

Catch the BIGGEST fish of the day and win \$115.00 in CASH! (Winner will not be eligible for age related big fish prize)

Rules

1. You must have a valid fishing license as required by law – ages 15 and older – and must be presented at weigh in to qualify for fishing derby participation and prizes.
2. One RAFFLE TICKET enters you into the derby, entitles you to refreshments and provides a chance to win a number of great raffle prizes.
3. Raffle tickets may be purchased from volunteers going door to door or at Goulet's Beach (Post 21 on the south shore of the lake) and on the day of the derby. Purchase as many Raffle Tickets as you like to have a better chance of winning some fantastic prizes but more importantly it is a fantastic way to show support for the Derby.
4. Report to Goulet's Beach with your catch by NOON (Derby sign will be displayed on beach)
5. **Derby Fishing shall be from dawn until noon, lunch from 11:30pm until 1:30pm & ALL prizes awarded after lunch.**
6. Do not exceed speed limit of 8 mph on the lake at any time.
7. Fish measurers (your judges) shall have the right, at their discretion, to reject suspect fish from the contest if suspected to be previously frozen, extremely stiff or cloudy eyed fish (more so than simple cataracts). ☺

8. Prizes awarded in each of the following Men's and Women's Age Groups: 0-8, 9-14, 15-59, 60+
9. Prize Categories in each Age Group shall be: Biggest Fish, Most Legal Size Trout Caught. Also biggest Non-Trout Prize for Men and Women
10. Only one cash prize shall be awarded for the biggest overall fish caught. In the event of a tie a person with the next largest fish shall be deemed the winner. In the event that no third fish was entered then the cash prize shall be split evenly among the two largest fish winners.
11. And most of all ... EVERYONE MUST HAVE FUN!

Refreshments & Food..

Refreshments for every ticket holder, fishing or not: Hot Chocolate, Coffee, Muffins, Hot Dogs, Hamburgers & Salmon all provided by your ALSC

Raffle Tickets

Buy Raffle Tickets for a chance to win some great prizes - \$5.00 ea or get a better deal if you buy more tickets - \$10 buys 3 tickets, \$15 buys 6 tickets and \$20 buys 10 tickets.
