Tips for a successful sale:

- Put prices on each item; they will sell better than if someone has to ask.
- Make sure everything is clean and undamaged.
- Be prepared with small bills and coins for change.
- Have some grocery bags ready for bagging purchases.
- Remember that even if you paid a lot of money for something, you won't get that much for it at a garage sale. General rules of thumb vary from 10% - 30% of retail value depending on the condition. (New in the box will sell for more)
- Clothes only sell if you price them cheap enough (except perhaps baby clothes)
- If you are selling electrical appliances, have extension cords ready for testing.
- Be aware! Sadly, there are shady characters that will take advantage of a busy time and leave without paying for items. Team up with a buddy.
- Have fun! It's a lot of work but you can meet some nice people, too!
