

ALSC Spring 2016

News On The L'

Announcing Event Dates and Membership Changes

Established in 1934, the Angle Lake Shore Club board takes enormous pride in being recognized as an active and successful neighborhood social organization. The club was founded when a group of like-minded individuals came together with similar goals toward preserving the environment and improving livability on the lake. Throughout the many decades, the club has flexed and adapted to meet the changing interests and needs of the membership including organizing a movement for the installation of sewer lines and encouraging residents to replace their reliance on septic tanks. The club also focused on building community by forming yearly events such as: the fishing derby, the Fourth of July activities (including the totem triathlon and fireworks display), and the Christmas party featuring progressive hors-d'oeuvre and dinner. The organization even built and maintained a clubhouse for many years until interest waned, and they sold it.

Eighty-Six years and the club objectives are still the same - continue to care for our environment and sustain a desirable level of enjoyment and quality of life for the happiness and health of the community. So is it toward these goals, the ALSC Board announces, with enthusiasm, the following events and dates for 2016.

| SPRING | |

Membership Definitions

The ALSC offers two annual membership options where 100% of the membership fees collected go toward club operations and event expenses.

\$10 Single Membership. Any individual 18 years or older may enroll in a Single Membership entitling them to all club benefits.

\$20 Family Membership. A family is two or more members who live in the same home and are related by birth, marriage or adoption.

Household and Family are often used interchangeably, however, the board is making a careful distinction between the two terms. A household is defined as one or more persons living in the same house, condominium or apartment where they may or may not be related. Think of it this way; All families are also households, but not all households are families.

With changing residency options where more homes are being partitioned into rental space, the board determined an update in membership definitions was necessary to avoid confusion.

An updated membership form is attached to this newsletter.

Easter Bunny Dock Hop

Sunday, March 27th between the hours 9:00 and 11:00 AM, the Easter Bunny will be hoping from dock to dock with his basket full of eggs ready to hand out treats to any eagerly awaiting children and their families.

If you have small children at home and/or will have grandchildren visiting on Easter Sunday and would like to ensure a special visit from the Easter Bunny, please contact Rosalyn Rombauer no later than Friday, March 25th to request a stop. Send email to ros.rombauer@gmail.com providing your name, contact phone number, address (post number) and indicate of how many children are expected to be present.

Also Note: If you have a gift basket that you wish to have personally presented to your child by the Easter Bunny, please have these baskets delivered to Ros before the deadline of Friday, March 25th as well.

Happy Easter!

Time to Bait your Hooks! *by Jim Todd*

Spring is upon us and after hibernating through the winter it's fishing season again. Mark your calendars for the 2016 Angle Lake Fishing Derby – Sunday April 24th. It's a day of fishing and so much more! For the second year our home port for the derby will be Bruce and Sandy Goulet's beach at post #21. The derby is not only for anglers – all are welcome. Fishing starts at sun up and ends at high noon. Then everybody gathers for a fine lunch, announcement of fish winners and an awesome raffle. It's quite the community gathering and we urge you to attend even if you don't like to fish!

Keep your eyes open for volunteers who will soon be knocking on doors selling raffle tickets. You must have an entry to compete in our derby and they are also good as your lunch ticket. And they WILL be your lucky tickets for some great raffle prizes! We hope that you will be generous in your raffle purchases as these funds pay for the derby, food and prizes! So support your community and come hang with your neighbors April 24th! Remember – catching a fish is more fun than catching a cold!

Welcoming Committee *by Marge Murtha*

Our Welcoming Committee will be venturing out soon to meet and greet the new arrivals to the lake and community. We have a short list at this time. However, we're depending on our members and neighbors to let us know when they have a name and address to send us, as we don't want to leave anyone off the list. Please send the address of any new neighbors and their names, if you have them, to Debbie Beck @ [425.444.0460](tel:425.444.0460), Marge Murtha @ [206.870.1887](tel:206.870.1887) or Becky Johnson @ [206.852.1952](tel:206.852.1952).

WHAT'S IN STORE IN 2016 FOR YOUR ALSC

BY LONNIE GOULET

It's amazing how fast time flies. No sooner had 2015 come to a close than we convened our first ALSC board meeting in early February to assign dates to this year's events and to discuss what we learned. Then we took this information and used it to improve our events for 2016 along with discussing some new ideas. While it is looking to be yet another year chock full of our traditional, nostalgic events, don't worry, there are some new goodies on their way as well.

First, looking back on last year, I'm happy to report that each of our events realized an increase in the number of neighbors participating. Plus we're thrilled to announce that our "HALLOWEEN SPOOK-TACULAR BONE-VOYAGE CRUISE" and the CHRISTMAS TREE LIGHTING CEREMONY, both new for 2015, were big successes and will return again this year.

Second, we are looking to change the dates for a few events:

- FISHING DERBY will be on Sunday, April 24th in the hopes that moving it closer to the date they stock the lake with fish will improve fishing results.
- SPOOK-TACULAR BONE VOYAGE CRUISE will happen on the Sunday Eve before Halloween due to Halloween falling on a Monday.
- SANTA CRUISE will be moved to Saturday. Santa's sleigh will glide onto the waters of Angle Lake at dark to better accommodate parents who want to incorporate Santa into their kids' parties that day and to allow the adults to unwind after all the work that goes into greeting Santa to ensure his visit is a memorable one for the kids.

Third, the majority of board members are still very much interested in bringing a weekend Hydroplane race to Angle Lake the second weekend of September as a ONE TIME TRIAL event. To move this forward, we must be sure that a majority of lakeside residents are in favor of this. Our goal is to have each shoreline resident sign one of three petitions that would be presented this spring.

- one would be in favor allowing the races one time, on a TRIAL basis
- one would be against the races
- one would be indicating an indifference to the races one way or the other.

Fourth, on the 4th OF JULY, we will still have the: PARADE, DOCK/BEACH JUDGING, WALK/RUN AROUND THE LAKE, SWIM RACES AND BOAT RACES and PARADE OF DECORATED BOATS. However, we are uncertain of the status of a FIREWORKS DISPLAY. As most of you are aware, there has been not only a significant turnover in the majority of seats on the City Council but also in many key positions in City's staff. Along with these changes, I anticipate that support from the City for a FIREWORKS SHOW may also change unless they can secure necessary funding from private parties. And without barges, the ALSC remains incapable of producing a show of our own.

Finally, this brings me to the VERY IMPORTANT topic regarding our BARGE program. In our fall newsletter, we disclosed that we were roughly \$10,000 short of our \$24,000 goal needed to finance the construction of 6-7 barges necessary to bring the fireworks back to the middle of the lake. At our first official ALSC board meeting of 2016, it was reported that we had raised an additional \$2,000 leaving us now short only \$8,000. The amount of funds collected thus far enables the club to build 4-1/2 (so let's call it 5) of the 7 barges required to stage a \$20,000 show. The ALSC Board remains unanimous in its desire to keep the fund raising alive and voted in favor of proceeding with the next step of reconfirming interest with those who've previously provided verbal commitment to partner in the ownership of these barges. The ALSC is also still committed to fully refund the money from donors, if a minimum number of formal committed partners cannot be achieved and the barge program is terminated. Let's hope this is not the case and we can achieve our fundraising goal by the end of April so we can commence building the barges using all volunteer labor and put on a grand fireworks show in 2017.

Thank you to all of you who have so generously contributed thus far. If anyone would like to help us close this small gap in our fundraising goal, simply send a check to Angle Lake Shore Club, PO Box 69477, SeaTac, WA 98168. Every penny counts!

One Foggy Sunday Eve *by Fuzz Hill*

The evening air was so thick with fog one could have used a knife to cut through it. However, an enthusiastic crowd gathered pairing their harmonious singing voices with the bright lights of the May family display. The crowds faces and the lights shone brilliantly as a beacon illuminating the north end of Angle Lake.

A new community tradition was launched this past year with the First Annual Tree Lighting and Christmas Caroling Ceremony sponsored by the Angle Lake Shore Club hosted by Rodger and Lisa May. Neighbors from areas all around the lake gathered in the early evening on Sunday, November 29th to meet with new and familiar neighbors, enjoy a large variety of snacks and refreshments and eagerly await Santa's arrival.

The exuberant crowd let out a boisterous, collective cheer when they saw flashing lights and heard the rumble of a fire engine as they knew that Santa Claus was on board. Once the firemen safely parked the truck, the children rushed to greet Santa, who, in turn, presented the kids with candy canes as a reward for being good throughout the year.

After everyone had an opportunity to get their photos taken with the guest of honor, Santa guided the crowd to the front of the property and led the countdown to the lighting of the Christmas lights. Neighbor Fran Reid took over leading the collective group in singing carols.

A special note of appreciation and gratitude for the following individuals:

- Rodger and Lisa for welcoming people from our community to gather at their property and enjoy their lights.
- Mario and Jason for their hard work in stringing all the lights and ensuring there was enough power available to illuminate them.
- Mackenzie, Lexi, Tammy and friends for their effort in coordinating the synchronized illumination of the lights and trees.
- Lonnie and Annie for serving up a delicious array of hot refreshments.
- Debbie, Julie, Marge and Judy for purchasing and assembling snacks.
- Fran Reid and her performers for leading the Christmas Carols.
- Mario and Tani Rae for taking photos (which may be viewed at: <http://bit.ly/1SRewG8>)
- And, of course, a big thank you to the Kent Regional Fire Department, Station 45 for their assistance in getting Santa safely to our event!

It is because of the efforts of these volunteers, and many more who contributed their time, the first annual tree lighting was a great success! Events like this could not be accomplished without volunteer assistance and community participation! The board can't thank you enough for being an important part of everything we do!

Boo Cruise Recap

The weather forecast was pretty bleak the week leading up to Halloween. Strong winds and heavy showers were predicted throughout the day and the morning of the holiday, those predictions were certainly realized to be correct!

As the morning wore on, the adverse weather conditions seemed to wane a bit. At around noon, the organizer's mobile phones started lighting up with a volley of text messages confirming a Go / No Go decision... after a short period later the decision was "GO!"

The Goulet brothers, Capt Bruce and Dock Master Lonnie took to the water at 3:00pm as the showers were just starting to lighten up. By the time they had collected the Hill's and met Princess Ros, Top Banana Bill and Shore Club Shutterbug Standridge the rain had stopped and the skies were actually starting to become brighter with a few light sun breaks beginning to appear!

To our surprise, the pleasant weather drew out an equally pleasing number of guests there to greet us around the lake! Costumed 'kids' of all ages were excited to meet with the elegant princess and receive tasty Halloween treats. Amazingly we all remained dry throughout the entire cruise and it wasn't until the Goulets were docking the boat at home when the weather turned nasty again!

Event photos can be viewed at: <http://bit.ly/1LYKTi1> (case sensitive).

Santa..

by Steve Beck

To all Angle Lake Residents

We received the following letter from Santa's North Pole address on, or about, February 5, 2016. Sorry for the delay but it was cold January and Mrs. Clause kept me busy exercising off all the weight I gained from the cookies I ate.

Ho ho ho! Santa Claus here...

Mrs. Clause said I should send special thanks to all the kids that ventured onto my Santa boat last December on my beautiful Angle Lake Christmas visit. The weather cooperated and maybe this is why all of you were so especially kind to Santa. You all are so special and, for the most part, you all were good. I feel certain you should have received all of those special gifts on Christmas Day.

It was nice to see that the majority of the kids' teeth and ears were very clean this year. A tip of my stocking cap goes to the Gobbling Goulet Brothers for keeping the boats afloat during the cruise! Rudolph has complained to the senior music elf requesting he raise the volume of music and add some more of Santa's favorite songs next year. I asked Consuela Gift Elf, Jewels, who scrambled together the pre-Christmas gifts for the kids to add a little more candy next year because Mrs. Clause thought it would be a nice reward for the kids keeping their teeth cleaned.

Santa really enjoyed and appreciated the older kids that he has seen for many years and their comments on how he should trim his beard next year. Also, it was amazing to hold so many newborn babies. Santa is not the only one who has been busy during the year!

It was nice having an indoor location for Rudolph and his fellow reindeer to refresh eat and take a nap prior to their next stop. I think they're all spoiled now!

Mrs. Cause and Santa officially christened all of the coordinators and helpers to Elf status because they did such an exceptional job. This means they will all have to wear Elf colors and skirts next year. Santa can't wait to see their outfits.

Make sure when Santa arrives and departs next year everyone on the dock sings one of Santa's favorite Christmas songs. This is to enhance the children's voices in time for Christmas Eve.

So until next Christmas, goodbye and good luck to all and to all a good year!

Love,

Santa and Mrs. Clause

A Most Wonderful Evening

by Fuzz Hill

If you can count yourself among the fortunate to have attended the ALSC Members Christmas Party Saturday, December 5th you surely agree that this ranked as one of the best parties yet!

The 2015 party was held for a second time at the elegant and amazing home of Steve and Debbie Beck. Julie Hill had done an outstanding job planning, organizing and executing the event to include a new caterer, A Grand Affaire, and a change in music entertainment featuring independent record label owner Raymond Hayden on keyboards, accompanied by Grammy award winning artist Paul Sawtelle on the saxophone and clarinet.

Guests were met in front of the Beck home by Ellie for an opportunity for personal photo with holiday backdrop and greeted inside by roving servers offering hors d' oeuvres featuring Italian Stuffed Mushrooms and Coriander Carrot Soup Sips served in shot glasses.

The annual state of the organization address was presented by Club President, Lonnie Goulet, recapping the events of the past year; providing a status on the barge fundraising effort; thanking key volunteers; providing special recognition to one of our longest tenured club members, 91 year old Clara Iverson; and presenting the Mr. and Mrs. Christmas award to Roger and Lisa May for their outstanding contributions and generosity toward our community for past many years.

The close of the meeting signaled the opening of the buffet line featuring a salad of Northwest Wild Greens; Roasted Winter Vegetables; Bowtie Gorgonzola; Herb Crusted Chicken; Dauphinoise Potatoes; Burgundy Braised Beef (to die for!) and more!

After everyone emptied their plates and filled their stomachs, most gathered downstairs to enjoy the smooth sounds while sipping on refreshments served up by Bruce and Sandy Goulet, our ever popular and entertaining bartending team. Many stories were shared; much laughter occurred and even some ballroom dancing took place. It was a wonderful evening spent with neighbors who we dearly address as friends.

If you were unable to join us this year, or if for one reason or another you're having a difficult time recalling all the fun – relive the moments flipping through our online photo album at <http://bit.ly/1nT72Hj> (case sensitive).

The Club wishes to recognize Julie for her extensive efforts in making this event a huge success and to express our gratitude to the Beck's for opening their home for the party, and to all the volunteers who helped load in, set up, and clean up when all was done. Thank you.

Polar Plunge Recap *by Tani Rae Standridge*

The sun was bright and spirits high as several costumed revelers added to the outlandishness of a day where we eat brunch outdoors in freezing weather and plunge into frigid waters.

One hundred and seven neighbors gathered lakeside January 1st to ring in the New Year, polar bear style! It was the best Angle Lake Polar Plunge yet! Gorgeous blue skies and a crisp air temperature of 38 degrees made the lake seem balmy at 42 degrees. Sixteen super-humans charged into the chilly waters at the stroke of noon cheered by 91 onlookers. Everyone enjoyed a scrumptious brunch of quiche, meatballs, pumpkin pie, croissant sandwiches, hot apple cider, muffins and more.

Best of all, everyone responded generously to our request to replenish the Highline Food Bank. Our wagon was overflowing with food. We gathered 240 pounds of food, double that of last year's take of 123 pounds. We also collected \$221 in cash, compared to \$145 last year!

The SeaTac fire department made an impressive show of support with five men arriving in two engines and two more arriving by boat and standing by on the dock with emergency rescue and resuscitation gear that was, thankfully, not needed. One fireman made an especially nice gesture upon parting; he handed his raffle tickets to young boys who had plunged into the lake. They watched their tickets intently as fabulous prizes were raffled, but, sadly, they didn't hold the winning numbers.

John Lucas, who set up the sound system for us, got the grand prize of a night stay at Cedarbrook Lodge. Five Angle Lake Shore Club shirts were raffled off along with other fabulous prizes generously donated by local businesses: a wooden bird feeder and suet donated by Wild Birds Unlimited in Burien, 2 spa treatments and 2 dinners at Cedarbrook Lodge and a haircut and style from The Ultimate Solutions Salon on 32nd Ave S. and S. 188th St. Trader Joes supplied \$35 worth of gluten free cookies and cakes for the celiacs among us to enjoy.

Deborah Anderson and Frances Snowden helped collect the food and distribute tickets and prizes. The Vennetti Twins served up food and cider and big smiles to one and all. Then they hauled all the food off to the Food Bank. The Lenz's donated their tables and chairs even though they couldn't make it this year. And Jonathan Standridge, firewalker, built the fire and moved heavy stuff while he, unbeknownst at the time, had pneumonia!

So many people stayed behind to tear down and pack up that I lost track of all the helpers. But, not lost on me, was the realization that we live in a wonderful neighborhood of generous, fun loving people. So many chipped in to make this day great and to share the joy of a New Year by sharing food with the less fortunate. I am proud and grateful to be a part of this dynamic community.

Jones Family Legacy: Memories on the Lake

by Marge Murtha

Billie and Bud Jones purchased a cute little white bungalow next to their existing home in 1947 a few months after their wedding for a whopping price of \$5,300 in those days. They later built a new home in front of it, closer to the Lake. Children Nancy, Andy, and Kacey came along and added eleven grandchildren and nine great-grandchildren.

It was a very active and busy household growing up on the Lake. They never locked the doors and all the neighborhood kids came and went as they wished. After chores, everyone was allowed to go swimming and boating and to catch frogs and make dish gardens. Nancy said it was 'magical' growing up on the lake and she couldn't imagine being anywhere else. It was a very safe place and her parents didn't worry about them at all. They had rules, but they knew better than to push the envelope. They didn't have docks in those days, so you had to learn to swim to go out to a raft before you could go boating. Needless to say, all the kids learned how to swim at a very young age.

The children attended and were bused to Angle Lake Elementary Grade School, north of 200th (it is gone now.) They then went to Chinook Middle School and Tyee High School. All the kids walked together. With no TV, movies or restaurants then, entertainment was Camp Fires and BBQ's on the beach. Everyone brought salads and desserts. They enjoyed full and happy family lives.

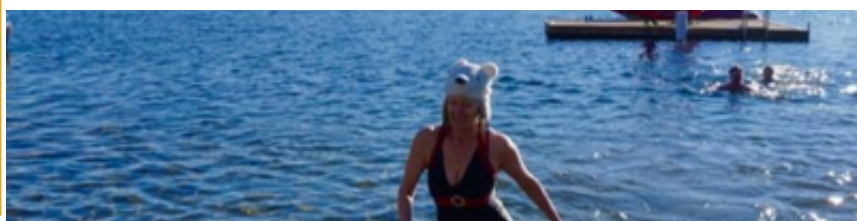

Billie and Bud were extremely active and social and would welcome each new resident to the lake. I, personally, had this honor. They were the first ones to welcome me to the lake. We went in their boat and motored everywhere as they regaled me with all of the history. They told me of a wonderful dance hall with hardwood floors at the Plunge, which is now the City Park and I learned so much about the area. They canned and preserved many items from their home grown veggie garden.

Bud and Billie were activists for the whole neighborhood and wrote many letters for good causes. Bud served as Sheriff of the Lake to get motor boats to slow down. This was really appreciated by all; it saved not only many docks but lives as well. Billie worked at the voting polls for years.

The Shore Club owned a nice building on S. 198th where many fun activities took place which included Halloween and Christmas parties, receptions and square dancing. It was later sold. Bud served as President of the Shore Club for many terms and Billie was right there doing whatever was needed. Bud played Santa for the neighborhood kids and Billie was a member of the Ladies Auxiliary.

Billie continued to swim every warm day last summer. She loved her afternoon cocktail and would sit and sip and just enjoy the lake in the afternoons. She attended every single ALSC activity, one way or another, including the tree lighting event and the last Christmas party, lately with one of her children by her side.

We will all miss her beaming smile and welcoming nature; the lakeside home will stay in the family and will be used by all family members.

A Brief History of the Angle Lake Shore Club

As recalled by Bonnie (Wheeler) Myhre

Dated: February 2007

The Angle Lake Shore Club was started in the middle 1930s by a group of people who lived around the lake. As best I can recall, they were Art and Stella Newbill; Mary and Dale Hayes; Elliot and Lotsie Fallis; Corwin and Leah Dennis; Al and Betty Windsor; and Norm and Mid Soland. They met in various homes and offered a combination of social gatherings and looking at issues for the good of the community. There were not many people living on the Lake year round, as many had summer cabins and Angle Lake was a long way from Seattle, where most people worked. At that time, Des Moines Road and Military Road were the only access to Seattle from the Angle Lake area.

About 1937 the group acquired a piece of property on the south side of 198th street, where they decided to build a clubhouse. It was done mostly with volunteer labor and I believe Corwin Dennis was somewhat in charge of directing the building, as he was an excellent carpenter and made his living building houses.

The original building consisted of a large room – probably 30 ft. by 30 ft. – with a kitchen on the south side of the building and two small bathrooms. There was a large pot-bellied stove in the main room. They had put down good flooring in the main room so they could hold dances and other activities. They regularly held dinners at the Club as well as dances. There was a large grand parking area in the back of the club house and many a father took their young children there to learn to drive.

When I was in high school, the drama class put on a one-act play once a year and I remember our class going to the Shore Club meeting and putting on a play for them during their regular meeting.

The first big project that the Club handled was the installation of a water system. Up to that time everyone pumped water out of the lake. The installation took quite a while to implement, as a few of the residents were strongly opposed to spending the money for this project – but the Club was ultimately successful. A big water tower was

constructed near the intersection of 200th Street and Military Road and a couple times a year a few of the men would gather together for a cleaning party and scrub the tank.

The women formed an Auxiliary to help benefit the club and they were a very active group. Once a year they would hold a “Silver Tea” and invite the community – it was well attended. The ladies brought their best china and silver teapots, and made lovely dainty sandwiches. They did a lot of good for the club; keeping it clean and talking the men into coming about twice a year to wash windows!

At the end of World War II, the financial picture of the community was greatly improved and they built a large addition on the west side of the building that made a lovely dining room. At that time they also installed an oil furnace, which was a grand addition.

They held a dinner-dance every month with different members appointed to be in charge of decorating the rooms, providing an orchestra and serving a midnight dinner. Many times Al Sholberg and Sandy Taylor would provide the music, as Al could make the guitar sing and Sandy was a great piano player. The New Year’s Eve dance was the highlight of the year with beautiful decorations and an elaborate midnight dinner. Everyone came back the next day to clean it up, eat the leftovers and in general talk about what a good time was had.

In 1965, the Club completed the project of installing sewers around the lake. This was accomplished largely due to the efforts of Sandy Taylor, who went door-to-door convincing people of the value of putting in sewers, and the many people who took petitions to all the residents of the lake to join the Des Moines Sewer District.

As time went on, fewer people were interested in coming to the affairs at the Club and a number of members felt it was time to sell the club house as it was falling on just a few people to keep up the grounds and the building. After selling the clubhouse (approximately the late ‘60s to early ‘70s), we held sporadic meetings but always had the Christmas party, which was a progressive affair. Many of the members opened their homes for hors d’oeuvres and drinks, after which we met at the local Lutheran church for the Christmas dinner.

About the Author

The preceding was recalled by Bonnie Lou (Wheeler) Myhre who was born on August 20, 1924 to Ame and Bill Wheeler and lived in the Angle Lake area of South Seattle for 60 years. She graduated from Highline High School and attended the University of Washington. She was married to Kenneth Myhre for 63 years. Bonnie passed away September 5, 2014 and is survived by her son, Karl and his wife, Sherilyn; her granddaughter, Misa and her husband Mike Reardon; her great-granddaughter, Imani Paige Reardon, and numerous nieces and nephews and their children.

Angle Lake Shore Club Branded Apparel

Angle Lake Shore Club T-Shirts are available for purchase! The shirts are high quality cotton in a very fashionable dusty blue color with distressed artwork in a white and navy blue design.

We're selling these shirts as part of our annual fireworks fund raising efforts to collect additional funds to cover the cost of procuring a barge and new fireworks contractor to produce the absolute best fireworks show this community has ever seen!

The cost of the shirts is only \$20.00 each and will be available for purchase at the Christmas Party and any of the other ALSC major events. Otherwise feel free to order the T-Shirts when sending in your annual dues or ALSC event fees or donations.
