## A Message from the President

**Hello to all fellow Angle Lake Shore Club members!**

Well, we have certainly had a beautiful summer, haven't we? The weather has been absolutely stunning! To me, nothing defines a more perfect day than to be outside, enjoying the warm sunny days and cruising on the lake. I don't think there is a better place to be than summertime on Angle Lake.

As part of our Traditional July of 4th celebrations, the **Angle Lake Manor Community Parade**, and **ALSC Swim Race, SUP Poker Run, Bud Jones Memorial Fun Run/Walk** and **Parade of Boats** were all terrific opportunities to bring us together throughout the day.

Huge thanks to **Gregg Louvier, John Seidenburg, Karlene Pettit** and **Jim Todd** along with **Jonathan Standridge** from the Angle Lake Manor for organizing these events for everyone!!

And although the City of Seatac's Drone Show turned out to be unsuccessful, The **ALSC Fireworks Presentation** was absolutely incredible! The most memorable show I have ever seen. The HALO fireworks group really outdid themselves for the show which lasted over 20 minutes and will hopefully be remembered for years to come. This show could not have happened without the donations and support of the entire community and the tireless work of all the volunteers, and I would like to personally thank everyone who donated, helped put the events together and give special recognition to **Fuzz Hill** and **John Miller**, the architects of putting the fireworks program together this year.

Lastly with a look toward next year, there are several Angle Lake Shore Club members who will be retiring from official club duties at the end of this year (including myself as President and Tani Rae Standridge as photographer), and the club could really use some volunteers to step up and join the Volunteer Board to help continue this fantastic club. Please give this some thought!

I am happy to answer any questions, or please reach out to a board member and/or a volunteer for more information.

All the best!

John

## 4th of July - Swim Race

By Gregg Louvier

This year the swim weather was GREAT!!

The lanes were set up. It was 3pm. IT WAS TIME! Let the swim races begin. And so they did.

Starting off the day were the Under 5 yr olds. Four swimmers (actually walkers) were ready to go... Ready set, GO! And the races were underway.

**Rylie** took first for the girls group while **Theo** won the boys side. As with the rest of the day, each participant received a ribbon and a new shiny new \$1 coin for their efforts.

Next age group was the 6-8 Year Olds with 6 racers total. These guys headed out to the deep water lanes. **Cara** took the girls race while **Jace** won the guys side.

Next up, the 9-11 Year Olds. **Morgan** came out on top for the girls and **Jordan** eeked out the win on the guys side.

Last young people racers were a total of 3 12-15 Year Olds. **Avery** won the girls event while **Braden** faced no challengers to take the win.

Five Dads with their children cheering them on took to the course next... It was a photo finish...with no photo... but a tight finish.. Three mixed relays and the races were over for another year..

Thanks for the great crowd of moms and dads, Grandmas and Grandpas, other family and friends for coming and cheering the racers on.

A special thanks once again to **Ron** and **Jeanne Louvier** (98 Yrs young) for allowing us to use your yards and docks to host the races.

## Paddleboard Poker

By Karlene Pettit

You don't have to be fast!  
You don't have to be good!  
You just have to be **LUCKY!**

The Paddleboard Poker was a huge splash! More than half the participants didn't even know how to play poker, but that didn't matter.... they all learned a new life skill.

And one of those paddleboarders who didn't know how to play, and didn't even make it back to the beach first, won!

And... she won with four 4's! This was the winning hand a year past. Oh... those lucky fours. Being that it was the 4th, why not?

But when we told her to look inside the bottle and she found a \$50 bill, the excitement grew fifty times over.

The 4th this year was filled with all sorts of surprises! And fun times had by all.

## Watercraft Races

By Gregg Louvier

As with the swimmers... the weather was **GREAT!**

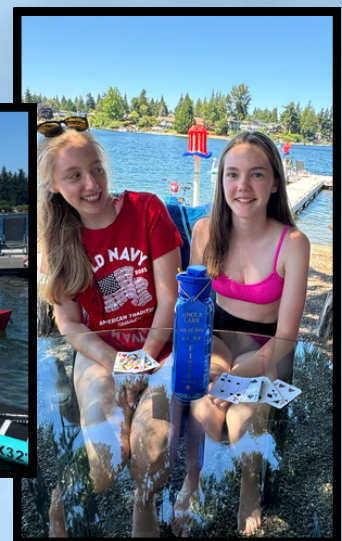

In all we had 18 participants in the boat races this year. Most of the crowd stayed around after the swim races and watched the boat races that were out and around the buoys and back.

The water crafts of choice this year were Kayaks and paddleboards. The first Kayak race started and the father/son team of **Caleb and Nolan** won. **Allie** won the younger guys and gals.

Paddle boards were next with **Jordan and Morgan** taking first place.

Second round of Kayaks had 7 more racers with **David** taking first on the guys side and the team of **Cara and Carly** took the girls side.

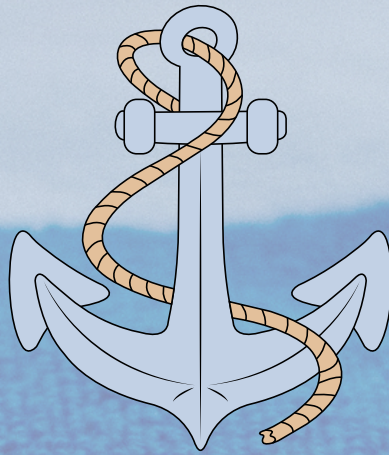

A great time had by all, Thanks for your participation!!

# July 4th Boat Parade

By Jim Todd

As part of our Independence day celebration many of us took to the water for a 7 PM parade of boats!

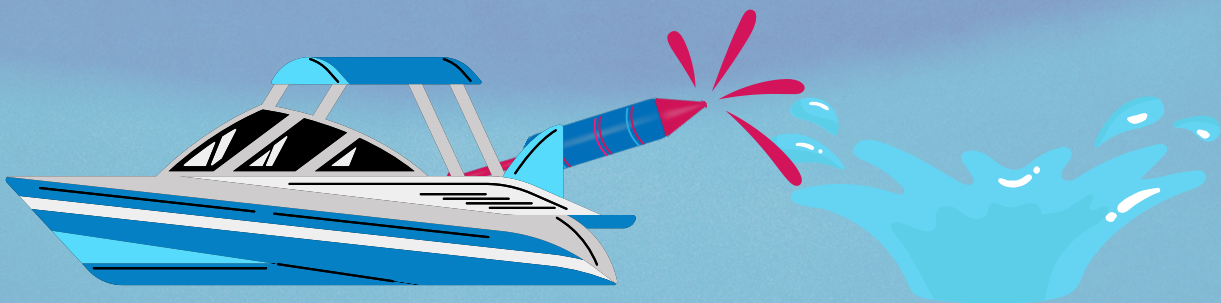

Many were decorated with a patriotic theme while others joined in - looking like boats full of folks having fun following the leader.

I think I counted 18 boats in our parade which was awesome to see! While we have paraded in previous years, this one took on a new twist. Many revelers were seen sporting Super Shooters, and sprayed other boats as well as people on shore with lake water. Seems the arms race is on!

It was a lovely parade and we saw loads of waving, smiling faces on so many of the docks and beaches we passed. We loved the participation from so many of our neighbors and hope that next year even more will climb aboard and join us!

Perhaps next year will bring more twists to an event that just seems to be getting better!

## Welcome Committee Update

---

We know that there are some new neighbors out there and reaching out to personally to welcome them is our goal. We have recently mailed welcome letters to a few new residents identified by real estate notifications of Angle Lake properties sold.

What we need is everyone's help in identifying more new residents that you are aware of and hopefully have already met. When this occurs, please provide as much information as you can including names, addresses, and phone number or email addresses.

In turn we will visit them personally when it is convenient for them and provide them with more information about ALSC and the neighborhood. You can contact the Welcoming Committee through any board member or directly to:

**Contact Kathy Bryant at:

**Contact Joan Hasselman at:

## Whatsapp Angle Lake!?

---

We have a great community here, at Angle Lake!

Working to further strengthen our bonds and make it easier to communicate, collaborate and get more done together, we are excited to introduce our **Whatsapp** online community! It is a "gated" digital community, where anyone who is a member of our physical Angle Lake community can go to see and share what is happening around the lake.

For instance, the **ALSC** has two **Whatsapp** groups, one open to all of our members, and another for our board members and volunteers to coordinate activities. In addition to that, there are groups for *Free Stuff* and "Young Families", but why stop there? Any community member can open and manage a group to their liking, love wine? Feel free to open a group for wine lovers to chat about it and plan tasting get togethers!

We have also rolled out an online *Not-A-Garage-Sale* event on our "Free Stuff" group for anything we are done with but that others could happily use. We had all kinds of goodies offered there for free by our neighbors, from salad bowls to a scuba diving shirt, and even a bread maker! While the event was scheduled for August 23-25, it will probably last until everyone runs out of "stuff", which is likely, never...!!

What do you need to do to join? Download **Whatsapp** from your app store to your phone.

Fill in the form at this link: 

Once approved, you can then join any group you'd like, or create your own!

If you need any help, please feel free to reach out to Rotem Yossef at [rotem.yossef@gmail.com](mailto:rotem.yossef@gmail.com).
